OUR BLIZZARD!

The Winter King is Here in Earnest--How the Storm Rages in Different Parts of the Country.

WICHITA, Kan., Jan. 13.—A blizzard has been raging since midnight Saturday. Snow is about a foot deep, and the mercury is at zero. There is fear of considerable suffering in the southwest, where it is learned the storm is much more severe than here.

A train on the Wichita and Western yesterday morning stuck in a cut fifteen miles from a station about one hundred miles west of here. There are twenty passengers on board, and they have no provisions, and but little coal.

Many people in Stevens county are suffering. Some people who have been living in dug-outs near the southeast corner of the county are supposed to have frozen to death.

NEW SALEM, N. D., Jan. 13.—The storm which struck this city during Saturday night was the most terrific in the memory of the oldest inhabitant. It snowed so fast yesterday that pedestrians were scarcely able to see their hands before them. It will be several days before the roads can be sufficiently cleared for travel.

ALBERT LEA, Minn., Jan. 13.—A blinding snow storm has been raging here since before daylight yesterday morning. All trains are delayed and roads through the country are so badly drifted that they are practically impassible.

HAMBURG, Ia., Jan. 13.—A heavy snow storm, the first of the season, has prevailed here all day. Fully twelve inches of snow have fallen. The wind is blowing a gale and it is drifting badly.

MILBANK, S. D., Jan. 13.—Yesterday a storm, which has driven everybody to cover, broke out at 7 o'clock in the morning and shows no signs of abatement. Fears are expressed that there may be a repetition of the storm of January 12, 1887. Railway traffic is practically abandoned.

STONINGTON, Ill., Jan. 13.—About 5:30 p. m. yesterday a heavy westerly wind struck the Catholic church, completely demolishing the building but luckily, the service had been held in the forenoon.

CARLYLE, Ill., Jan. 13.—A terrific wind and rain storm visited this section yesterday afternoon, blowing down fences and telegraph poles. The storm was more violent between here and St. Louis and it is thought much damage has been wrought.

EMPORIA, Kas., Jan. 13.—A terrific blizzard has been raging here since before daybreak yesterday morning. A blockade of trains in all directions is threatened.

EMMETSBURG, Ia., Jan. 13.—The storm predicted by the weather bureau has arrived on time and a genuine blizzard is now raging. The wind is from the northwest, and is blowing at the usual blizzard rate, which, with the thermometer at zero, makes the storm one of unusual severity.

BEARDSLY, Minn., Jan. 13th.—A snow storm with a blizzard attachment, struck this section early yesterday morning. The drifts have piled up in some places as high as twenty feet. A piercing north wind accompanies the storm and the mercury is below zero. Trains and wagon traffic is at a stand still.

GRAND RAPIDS, Minn., Jan. 13.—The first great storm of the winter is raging in the upper Mississippi region. There is nearly a foot of snow and the river is finally frozen.

BURLINGTON, Ia., Jan. 13.—A heavy rain fell most of Saturday night and continued yesterday until last evening. The weather grew rapidly cooler and the walks were soon covered with sleet. A heavy northwest wind is blowing, with every character of a blizzard, the rain having changed to sleet and snow.

ISPWICH, S. D., Jan. 13.—Ispwich is shut out from the rest of the country by the most terrific storm that has visited Dakota since 1889. It is still snowing.

TOPEKA, Kan., Jan. 12.—About 4 o'clock yesterday morning the first snow storm of the winter struck this part of the state.

ABELINE, Kan., Jan. 13.—More than a foot of snow has fallen in twenty-four hours and the blizzard is still raging.

VENICE, Ill., Jan. 13.—The cyclone swooped down on this vicinity in a savage style last night. It wrecked two churches in Brooklyn, turning one around while it was filled with colored worshippers. Several were slightly injured.

The houses on the Irwin Smith and Charles Harvard farms were destroyed. A house belonging to a man named Morlack, near Venice, was blown down, and it was reported that a woman was seriously injured. The damage is estimated at $3,500,000.

NEW YORK, Jan. 13.—Three belated steamships got in yesterday, after a hard struggle against head winds, mostly of hurricane force, and tall seas. They were the Germanie, the City of Berlin and the Slavonic. The figure head of the City of Berlin was smashed to smithereens by a sea which broke over bows and flooded the spar deck. Nobody was hurt. The Slavonic had to put into Halifax for coal, as her usual supply was insufficient for a protracted voyage. Vessels from the south report pleasant wehther throughout the voyages.

ST. LOUIS, Jan. 13.—A terrific wind storm, amounting to a cyclone, struck this city yesterday and many buildings were unroofed. Four persons were killed and several injured.

COSTLY FIRES.

The Fiends' Work Throughout the Country.

NEW YORK MILLS, Minn., Jan. 13.—Fire was discovered in the People's elevator at 11 o'clock Saturday night, and the flames gained such headway that the fire department could do nothing except prevent the destruction of adjoining property. The elevator contained 20,000 bushels of wheat. The loss is estimated at $25,000, with an insurance of about $10,000.

FORT MADISON, Ia., Jan. 13.—A costly blaze occurred here at noon yesterday, the clothing and boot and shoe stock of J. G. Schwartz, valued at about $5,000, being almost completely destroyed by fire, smoke and water. The stock and building were insured.

SAN FRANCISCO, Cal., Jan. 13.—The girls' high school burned to the ground last night. The loss is $80,000.

A PROMISCUOUS WRECK.

Twenty-five Cars Piled on a Locomotive and all are Burned.

DENNISON, O., Jan. 13.—A bad wreck occurred on the Pan Handle at Union Point, thirty miles east of Dennison, yesterday morning, delaying passenger trains five to six hours.

The first section of a freight train broke in two. The rear end ran into the front part of the train, wrecking a number of cars. The second section ran into the second and the fourth into the third, piling up the cars indiscriminately.

It is reported that twenty-five cars were piled on top of one of the engines. The wreck took fire and burned up the cars and one engine. Fortunately the trainmen all jumped and escaped with slight injuries.

THE WESTERN WAY.

"Big Mac," a Noted Gambler, Shot and Killed.

SPOKANE FALLS, Wash., Jan. 13.—H. M. McCrosser, better known to the sporting fraternity as "Big Mac," was shot and killed by Harry Baer, one of the proprietors of the largest gambling house in the northwest, yesterday. Baer was in the act of ejecting a man from his house for stealing chips, when he was assaulted by "Big Mac." After bearing up under the assault as long as possible, Baer drew a revolver and shot his assailant. The latter died fifteen minutes later.

A HOOSIER FLOOD.

Washington, Ind., Inundated by High Water.

VINCENNES, Ind., Jan. 13.—The lower portion of the city of Washington, Ind., is inundated by the flood. The water works are entirely useless. They are situated on the banks of the White river and the machinery is entirely submerged. The Ohio and Mississippi shops and railroad water tanks are dry and cannot be filled. Water has to be supplied from Vincennes. Fifty-three engines in one string were waiting for water yesterday.

The Murphy-Wier Fight.

SAN FRANCISCO, Jan. 13.—The "Belfast Spider" and Australian Murphy were both seen by the directors of the California club yesterday and stated that they will surely fight to-night.

Wier's left hand is still practically disabled from the bullet wound through the index finger, which is swollen and stiff. Murphy's left wrist, which was broken in his late fight, is also weak, so the men are likely to be cripples after a few hard rounds. On this account but little money is being bet. Wier is a slight favorite.

Firm Failed.

CHICAGO, Jan. 13.—The Niblock Coal and Mining company made an assignment to-day. The liabilities are about $15,700. The assets are not stated, but it is thought they are considerably less.

HON. WM. FLEMING!

Expires at His Home in this City at 3:30 O'clock This Afternoon.

Sketch of a Life of Great Honor and Distinction--His Eminent Public Services and Private Worth.

Hon. William Fleming is no more. The battle that he had waged so long against disease is at length at an end and he is numbered among the innumerable host that death has marked for its own.

He died of acute asthma at half-past 3 o'clock this afternoon at his residence, No. 261 West Berry street, surrounded by his grief-stricken wife and children and by kind friends, who deplore his death as a private affliction.

It is with feelings of the deepest sorrow that these tidings are thus made known to a community which honored him for the great achievements of mind and revered him for his nobility of his character. He died as he had lived, at peace with the world.

When Mr. Fleming, two weeks ago, left Fort Wayne, with Mrs. Fleming, in search of health in the southwest, it was not expected but that he would return, as he had often done before, greatly recuperated. At St. Louis, however, his malady became so much worse that, acting upon the advice of a physician, he was brought home. This change in the plan was probably not well advised, for there could be no recovery in this rigorous climate which he only left when failing strength made his leave taking compulsory. He sank rapidly, and, though he endeavored to impress upon those around him a hope in his recovery, his condition was never inspiring.

With each successive attack his constitution became more enfeebled until only the iron will that had carried him through years of affliction was left to suggest the strong man that he once was. He died as he had lived at peace with the world and in the hope of a glorious resurrection.

William Fleming was born in Ireland sixty years ago and was the oldest son of worthy parents. Early in life his father died and he was the principal support of his widowed mother and the younger children. His first occupation was that of a stone cutter in the employ of the late James Humphrey. His first appearance in politics was as candidate for the office of high constable, long since abolished. He was subsequently appointed by Sheriff McMullen as a deputy and officiated at the hanging of Madden and Keefer, murderers of William Dunbar. Upon the death of Mr. McMullen, Mr. Fleming succeeded to the shrievalty and served two terms, performing the duties with such marked ability that he was twice elected to the office of clerk of Allen county, serving eight years in that capacity.

His unusual ability as a party manager and leader, the strength of his personal following among all classes of people, soon made him a conspicuous figure in the state councils of the democracy, and no question of importance came up for discussion, but his opinion was asked, and his well-grounded conviction of what was best to do carried great weight. In northern Indiana he was easily the leader of his party. He served frequently as a member of the democratic state central committee, and to his intimate knowledge of men and measures is, by common consent, largely to be attributed the successes that were met with.

In 1878 he was nominated at Indianapolis for the place of treasurer of state and was elected after an unusually hot campaign. It was during the two years that he held this office that a large part of the work of building the new state house was done and a great volume of money passed through his hands but so faithful was he to his trust that not even the most bitter political foe could question his entire honesty and his high financial ability.

In 1880 he was again nominated for the state treasury, but with the rest of his ticket was defeated. He has never again been a candidate for office. His political activity, however, did not end here, but he continued to exert himself in the cause of democracy, and, whether in caucus or convention, or in the heat of campaign, his strong hand and earnest will were felt on the side of those great political principles to which he had devoted so much of his life. He never forgot his friends.

Mr. Fleming made it a point to attend all of the national conventions of his party, and, though in feeble health, was at St. Louis when Grover Cleveland was renominated to lead the democracy in the battle against the choice of the republican nominee, selected at the Chicago convention some weeks later. At these conventions he was always consulted with regard to the politics of Indiana, the pivotal state.

Mr. Fleming was a man of great wealth, amassed in the pursuit of business of unusual magnitude. In nearly every enterprise that enlisted his energies his wonderful grasp made him the leader. He was for many years proprietor and editor of the Fort Wayne SENTINEL, and the vigor of his editorials had a far-reaching effect upon men of all political parties.

The paper had previously been wedded to the hard money doctrine, but this policy was instantly changed and he continued to weild a vigorous pen in the advocacy of the resumption act and the remonetization of silver coin. On economic questions he was an acknowledged authority and in every matter relating to the position of the democracy on important issues he was always consulted. No democrat gave to his party more splendid service than he.

Mr. Fleming's business career was so intimately connected with the growth and prosperity of the city as to be generally known to the community. At the time of his death he was treasurer of the Indiana School Book company; was vice-president of the Salimonie Mining and Gas company; vice-president and acting president of the First National Bank of Fort Wayne, president of the Hartford City Paper Mill company, and a director and stockholder in as many other large concerns.

Until the past few years he was one of the chief owners of the stock of the Clark & Rhinesmith Lumber company, and only a few weeks ago sold to William Pape a half-interest in the Peters Box and Lumber company and the Fleming Manufacturing company.

He was one of the originators of the New York, Chicago and St. Louis railway (Nickel Plate) and served as a director until the property was sold to the Vanderbilts.

Mr. Fleming was twice married. His first wife bore him two children—Mrs. Dr. Willien, of Terre Haute, Ind., and Mr. Luke M. Fleming, assistant to Warden Murdock, at the state's prison north. Neither were present at his death. By his second wife he has eight children, the youngest a mere child.

Among them are Mrs. Dr. J. M. Dinnen, Mrs. A. B. Trentman, Mrs. Wm. M. McKinnie, Stephen, Celeste and William Fleming, jr. All of these were present at the close of their father's honorable and distinguished career.

DEADLY TORNADO.

Eleven People Killed and Many Injured at Cairo, Ill.

CAIRO, Ill., Jan. 13.—A tornado last night struck the east side of the city of Clinton, Ky., demolishing fifty-five houses, killing eleven people and wounding fifty three.

The killed, so far as ascertained, are: J. A. Rhodes and two children; Mrs. Wm. Bone, Burnett Bone, Walter Nance, John W. Gaddie and infant; infant J. C. Hodges; one person not identified.

ARKANSAS AHEAD.

An Arkansas Woman Gives Birth to Four Babies.

TEXARKANA, Ark., Jan. 13.—Mrs. Page, of this place, has just given birth to four fine girls, and the mother and babies are all doing well.

Mrs. Page had twins by her former husband and once by her present husband, making eight children at three births. The ladies here have formed a sewing society for the occasion, and a large quantity of infants' wearing apparel and soothing syrup will be forwarded to the little ones.

Crushed by the Cars.

Barney Helwig, a fifteen-year-old lad of Peru, Ind., while stealing a ride on a Wabash freight train yesterday, fell between the cars and was terribly crushed, amputation of one limb being necessary, which, with other injuries, may prove fatal.

Yesterday Engineer Joseph Barlow, of the Nickel Plate, swallowed poison by mistake. Powerful emetics saved him.

The St. Paul Lutheran schools are closed.

Mr. H. G. Olds has gone to Chicago.

THE CRONIN MURDERERS.

The Hearing of a Motion For a New Trial in Their Case Adjourned Until To-Morrow.

CHICAGO, Jan. 13.—Branch No. 3 of the criminal court resumed this morning some of the familiar features which it wore during the three and a half months of the Cronin trial. The prisoners' row had been shortened by one. John F. Beggs, who formerly sat at one end of the line, was free. His chair was occupied by Dan Coughlin. The four convicts seemed in good spirits. The certainty of a life in prison seemed to be more agreeable to Burke, Coughlin and O'Sullivan than the horrible uncertainty that hung over them throughout the trial.

Just before the judge took his seat John F. Beggs and his lawyers, Messrs. Foster and Ames, came into court. Beggs looked worse in appearance than when he was making his daily visits to the court room by compulsion.

"I just wanted to see how it looked from the other side, said he. When the prisoners came into the court they shook hands with those who were within reach. Beggs shook hands with Kunze and sat down at one end of the reporters' table.

"Come in here and sit, Beggs," said Coughlin, with a smile.

The man who escaped the fate of his co-defendants, laughed and shook his head. States Attorney Longenecker accompanied by Messrs. Ingham, Mills and Hynes appeared for the state. Messrs. Forrest, Donohue and David appeared for the defense. When the court was opened, Mr. Forrest asked that the hearing of the arguments be postponed for one week.

The counsel for the state opposed any delay. Judge McConnell was also opposed to delay and told Mr. Forrest in so many words that it was useless to make any argument against the Cronin jury. "For," said the court, "if that was not a good jury then it is useless to try to convict prisoners where there has been any public discussion. You might as well let the prisoners go."

It was finally decided that the court would wait until Judge Wing's arrival at 11:45 o'clock.

When Judge Wing arrived he asked for at least a delay until to-morrow. Finally, after much wrangling between the attorneys, court was adjourned until 10 o'clock to-morrow, when it is expected the motion will be argued.

THE DEATHS.

Two Esteemed Citizens Pass to the Beyond.

This morning, at the home of his son-in-law, ex-Councilman Christ Kramer, 128 Madison street, occurred the death of Mr. J. M. Deuter, of Bright's disease.

Mr. Deuter was seventy-two years of age and an esteemed German citizen. He was formerly engaged in the tailoring business. The funeral has not been announced.

Mrs. Elizabeth Hohnholz, wife of Mr. Herman Hohnholz, died yesterday of typhoid fever, at her home, 78 North Harrison street, aged thirty-three years. The funeral occurs Wednesday, at 1:30 p. m., from the St. Paul Lutheran church.

The two-days-old child of Mr. Wm. Franke died yesterday.

THE "DUSTIES" ARE COMING.

The State Millers' Convention to be Held in This City.

Word was received in this city by J. B. Monning to-day of the decision of the Indiana State Miller's association, to hold their annual convention next May in this city.

The conventions have heretofore been held at the state capital.

The Northern Indiana millers, at their meeting in this city next month, will express to the state association the satisfaction they feel at the choice.

Fort Wayne will make her guests feel at home. Welcome to the "dusties."

Let other conventions fall in line.

THE MONTANA SITUATION.

The State Has No Debt But She Has a Fight.

HELENA, Mont., Jan. 13.—Montana begins the year without a dollar of indebtedness and with a cash balance in the treasury. State Auditor Kenney has completed his report to the governor for the last year, and has placed it in the hands of the printer.

There is talk of a compromise among the legislators. Many expect to-day that something will be done to bring the two houses together. What that something is is indefinite and shapeless. Democratic senators continue to attend the sessions of the senate, but refrain from answering any roll call.

GOT ITS GRIP ON.

Twenty-Four Concordia College Students Down With La Grippe.

Dr. A. J. Laubach is attending twenty-four students at the Concordia college, who are down with the "grippe."

The malady is still spreading and the studies are considerably interfered with.

Should the number of cases continue to grow larger, it may be deemed proper to temporarily suspend the classes, but it is thought that there will be a decrease, rather than an increase, of victims.

TWO MEN KILLED.

A Locomotive Runs Into a Hand-car on Which They are Riding.

Saturday evening, after the limited express east on the Fort Wayne road had passed Wheeler station, west of this city, two brothers, John and Henry Rasimus, employed one on the Fort Wayne road and the other on the Nickel Plate as section hands, started to run a velocipede hand-car to Hobart, three miles west of Wheeler.

They were run down by a light locomotive that was running backward. Both men were instantly killed. They leave large families. One of the men, which it cannot now be ascertained, formerly lived in this city. There was a double funeral at Wheeler to-day.

A DRIVER HURT.

Fred Engelking Has an Experience With a Runaway Horse.

This morning Fred Engelking, a driver for Clayton, Purcell & Co., suffered severe scalp wounds while attempting to stop a runaway horse.

He was about to load some goods into the wagon at the Pittsburg freight warehouse, when the horse started off suddenly, throwing the driver almost under the horses' heels. He grasped the lines and was dragged some distance.

The man was released from his perilous position, and thus escaped with very severe injuries and perhaps his life.

TO BE RECOMMENDED.

The Contemplated Street Pavement Improvements for Next Spring.

At the council meeting to-morrow evening there will be a recommendation that the following streets be paved in the spring:

Broadway—DeWald to Berry.

Washington street—Broadway to Harmer.

Jefferson—Broadway to Calhoun.

Lewis—Calhoun to Harmer.

Hanna—Wayne to DeWald.

Wallace—Hanna to Lafayette.

Wayne—Clinton to Hanna.

Fairfield avenue—Jefferson to DeWald.

DeWald—Broadway to Hanna.

Maumee avenue—Harmer to Schick.

Berry street will be petitioned for at another meeting.

The paving question is assuming tangible shape.

SHIPPED 10,000 MACHINES.

The Anthony Wayne Manufacturing Company Have an Annual Meeting.

Last Saturday afternoon the annual meeting of the stockholders of the Anthony Wayne Manufacturing company was held at the office of the works. The choice of officers resulted in a re-election as follows:

President—John Rhinesmith.

Secretary and Treasurer—J. H. Simonson.

Superintendent—A. C. Wichman.

Board of Directors—John Rhinesmith, J. H. Simonson, F. C. Boltz.

A resume of the year's business showed that more than 10,000 Anthony Wayne washers have been manufatured and shipped.

The coming year promises to be even better than the one just closed.

IN GAY UNIFORM.

Members of Patriarchal Circle Go to Richmond--Official Visit.

This afternoon Supreme Deputy Oracle Harry France and eighteen members of Patriarchal Circle left for Richmond, Ind., where to-night there will take place the institution of a new temple.

The work will be under Deputy France's direction, and the ceremonies are very impressive.

The members who went were Patriarchs L. Hazzard, H. F. France, George Pressler, I. Trauerman, S. Headford, George Jaap, William Barr, J. E. K. France, Thomas Taflinger, Phillip Lintlag, Gottlieb Haller, Chris Enteman, Jonah Smith, Pres Chapman, Charles Shaw, Henry Swartz, Joe Douglass and Charles Mulfeith.

The True Elixir Of Life Hood's Sarsaparilla

Hood's Sarsaparilla purifies the blood, builds up weak and debilitated systems, gives strength to weakened nerves, overcomes that tired feeling, tones the digestive organs, invigorates and regulates the kidneys and liver, expels disease and gives vigorous health. Young people say: "It is the best medicine we ever took." Old people say: "It makes us feel young again."

MONDAY, JAN. 13, 1890.

OHIO has a democratic governor. Campbell was inaugurated at Columbus to-day.

THE Iowa legislature choose a senator this week. Allison will undoubtedly be re-elected.

THE republican editors of the state will hold a meeting at Warsaw on February 20 and 21.

A STRONG effort is being made to induce the council to pave several of the east and west streets of the city.

THE attorneys for the men convicted of the murder of Dr. Cronin have filed in court a motion for a new trial.

IT is now said that an inquiry at Prague has resulted in the discovery that Crown Prince Rudolph's death was due to conspiracy.

IT IS announced that John Oscar Henderson, of the Kokomo Dispatch, will be a candidate for auditor of state before the next democratic state convention.

A PROOF-READER on the New York World has received a letter from Jules Verne which states that the name of the hero of "Around the World in Eighty Days" is Phileas, not Phineas, Fogg.

THE Prince of Wales' wages as colonel of the Tenth hussars is $1,740 a year, not very much pay to be sure, but he manages to worry along on a tip of $200,000 per annum from parliament, and $81,000 for being duke of Cornwall.

W. K. SHEFFER, formerly editor of the Angola Herald, together with S. S. Sheffer, has purchased the Kendallville News, and A. S. Roberts has succeeded to the editorial control of the Herald. By the sale of the News Dr. A. S. Parker, one of the conspicuous figures of journalism in Northern Indiana, retires from active work.

THE latest contrivance which is interesting the ladies is given with a pocket in it. The pocket is a tiny affair, fixed in the palm of the left glove, and is thus silent testimony to the fact that most women are right handed. It is for nickels and dimes. On entering a car, the fingers of the right hand deftly opens the little pocket, and the necessary change is easily secured.

THE resignation of Mr. Trotter, the colored Recorder of Deeds for the District of Columbia, has been received at the White House, upon a request made by the president. It is supposed a new appointment will be made shortly. An inquiry made by Senator Ingalls has developed the fact that the office has paid $40,000 in fees during Mr. Trotter's incumbency of two years and ten months. A bill is pending in congress to make the position a salaried one.

HOOSIER sharpers have invented another swindle which is well calculated to deceive the unwary, and they are working the racket quite industriously in some parts of the state. Agents travel about the country selling certificates of membership in the National Union association, the object of which, they represent, is to enable farmers to purchase wagons, buggies and farming implements at manufacturers' prices. The agents claim that the association is incorporated under the law of the state, but inquiry at the secretary of state's office proves such representation to be false, and stamps the scheme as a very neatly arranged fraud.

ONE of the first acts of Pension Agent Ensley after taking charge of his office will be to make application for an additional appropriation for clerk hire. Colonel Zollinger says the present force is entirely too small. The number of pensioners on the rolls of the office has almost doubled since he came into office, and yet the same number of clerks are doing the work. He has continually begged for more help, but has never been able to get it. For several months the work has been so heavy that some of the clerks have been compelled to work fifteen and sixteen hours a day. It is Mr. Ensley's intention to suggest that a sliding scale rule, governing the allowance of clerks to the pension offices, be adopted.

THE official report of the proceedings of the Catholic congress at Baltimore and the centennial celebration of the establishment of the Catholic hierarchy, which have been impatiently awaited by Catholic organizations and individuals throughout the country, has been issued under the authority of Cardinal Gibbons by William H. Hughes, editor of the Michigan Catholic at Detroit. The work being intended somewhat as a souvenir has been given a strikingly artistic dress. It contains a complete report of the congress to the minutest details of every paper presented, as well as an elaborate account of the ceremonies and incidents attending the celebration of the anniversary. The volume is profusely illustrated with the portraits of the archbishops and bishops and other prominent Catholic laymen who participated in the deliberations of the congress.

OUR WAGE EARNING WOMEN.

Hon. David Turpie, Indiana's junior United States senator, sends THE SENTINEL the fourth annual report, recently issued, of the department of labor at Washington.

It contains many interesting statistics and among them are those which gives personal statistics of 17,427 wage-earning girls engaged in 343 distinct industries out of many now open to women, and comprising the result of study in twenty-two different cities. The tables bring out very telling facts. The average age for beginning work appears to be fifteen years and four months; but 129 out of the number commenced under nine years of age, and the largest proportion, 3,503, began to support themselves at fourteen.

For years they continue the weary round of labor, rising at 5 or 6, and shortly after going to the factory or shop, where they remain, with but little recess, for ten or more hours. Often their work does not end when they leave the place of their day's labor, for out of the whole number questioned by the agent of the department, 9,813 not only work at their regular occupations, but also assist in the housework at home.

More than half give their earnings to the head of the family, while very many have to care entirely for several others beside themselves. The average wages of the 17,427 was found to be $5.24, and yet with this small amount 6,614 do none of their own sewing, and invariably the girls present a respectable appearance.

These wage earners are women with ideas, high impulses, ambitions and desires such as all other women have. Nowhere else can be found in greater degree the noble impulses of heroism, self sacrifice, patience, cheerfulness and aspiration. All over large cities, after a hard day's work, thousands are gathered in evening schools, working girls' societies, or other rooms opened to them, where they can study and improve themselves.

ALFONSO XIII, king of Spain, the condition of whose illness is noted in our telegraph columns almost every day, was the posthumous son of Alfonso XII. He was born on May 17, 1886, and is therefore three years, eight months and twenty-three days old. He was proclaimed king on the day of his birth, with his mother as queen regent. The succession will naturally devolve upon his eldest sister, the princess of the Asturias, maria de las Mercedes, who was born at Madrid on the 11th of September, 1880, and who became queen of Spain on the death of her father, Alfonso XII, under the regency of her mother, and occupied that position until the birth of the present monarch. In the ordinary course of events the regency of Queen Christina would continue, after the king's death, until her daughter should be old enough to assume the crown.

MURAT HALSTEAD, the Cincinnati republican editor and statesman, scored the prohibitionists during a political talk at Chicago the other evening. Mr. Halstead stopped in the city on his way from Denver to Cincinnati. He said that Ohio had the best liquor laws and the best election laws in the world. The constitution of that state prohibits a liquor system and to restrain the saloons they are taxed specially and directly. "We know," said Mr. Halstead, "that prohibition is a humbug, because it doesn't prohibit. It makes a muddle. With the liquor tax we have done a great deal of good in Ohio. It wiped out the little black-bottle saloons and the like. The prohibitionists are the political serfs of the saloons. The leaders of that party have few, if any, ideas. They are politicians using temperance as a stalking-horse."

"Eagle's Nest," by Edwin Arden, with Mr. Barry Johnson in the leading role, will appear at the Temple Monday night. The hero of the play, Mr. Johnson, gives a graphic idea of a free and easy going young western miner. His bravery and gentleness attract the attention of a rich man's daughter, who is beloved by her father's business partner. The latter, after killing the young miner's mother and disabling the hero, escapes, the girl being taken care of by a rough who miner, nurses her through a spell of sickness. Then follow innumerable complications and mishaps, all of which are acted in the most thrilling style. The final scene is a bowie knife fight between the hero and the villian, in which the hero proves to be the victor, and is free to acknowledge his identity and claim as his reward the heroine and a rich property. The curtain drops on a pretty scene and closes an interesting picture of theoretic western life.

The annual report of the National Woman's Christian Temperance Union for 1889, just published, shows a total membership for 1889 of 142,348, a gain of 3,821 over the total paid membership of 1888. This does not include members who for any season have failed to pay their dues on time, nor the large number of unreported unions, honorary members and Loyal Temperance legions, which, together with the 142,348 paid members, make the total membership and support of the Woman's Christian Temperance Union at least 200,000, and doubtless nearer 250,000.

J. B. WHITE'S GIFT.

The Painting of King Robert the Bruce, Presented to the Caledonians.

Last Saturday evening there was a pleasant program of exercises at Caledonian hall, attending the presentation to that organization of the painting of King Robert the Bruce, Hon. J. B. White being the donor. This magnificent picture is from the brush of Ambrose Mac Neil, the Scotch artist, whose work has been on exhibition from time to time in this city.

The exercises consisted of a recitation on King Robert the Bruce, by Miss Annie Sinclair; a recitation, "Scotland's Heroes," by Mr. Stephen Mack, of Toledo; a song by Mr. David McKay; and "Bruce's Address to His Army," by the artist.

Captain Allan H. Dougall, in behalf of the society, accepted the gift, followed by Colonel R. S. Robertson, in a few timely remarks.

After a vote of thanks, on motion of Mr. George Jaap, the song, "Auld Lang Syne" was sung and the members dispersed.

WAYNE TOWNSHIP TEACHERS.

A Very Interesting and Profitable Institute Held Last Saturday.

An institute of the Wayne township teachers was held on Saturday, Jan. 11, at school house No. 2, west of the city. There was a large audience of teachers and others present, over whom Trustee Brackenridge presided with his accustomed urbanity.

After singing and prayer by the Rev. Mr. Miller, Miss Mattie Viberg read a very interesting and valuable paper on "The Early History of Indiana." This was followed by "Moral Education," by Miss Sadie Weaver. This lady laid down a moral code of remarkable severity for teachers, as well as school children, but her paper was well received. A class in reading, consisting of teachers, was taken by Miss Addie Durnell, and this proved one of the most interesting subjects on the program. Miss Hattie Leonard then conducted an excellent exercise in singing, which closed the morning's work.

The ladies of the district then treated the company to an enjoyable dinner in the school house, which was highly appreciated by all.

At the afternoon's session, Miss Minnie Mahin, the teacher of the school, introduced a class of her pupils in history. They acquitted themselves admirably, and do much credit to this lady as a teacher. Miss Annie Fairfield read a review of the works of Alice Carey, and she, assisted by Misses Leonard, Viberg, Houghton and Weaver, then gave selections from this author's poems, which very much entertained the audience. C. Methley followed with the "Atmosphere," Miss Belle Thomas then gave a very fine recitation, and Miss Hattie Leonard read an original paper entitled, "Bits by the Wayside."

The querry box furnished some knotty points which were satisfactorily disposed of by the teachers present. It was decided to hold the next institute on Saturday, February 8, at the No. 3 school, presided over by Miss Sadie Weaver. An adjournment was then made. Trustee Brackenridge considers this the best institute yet held in the township, and hopes by the next meeting to have brought the organization to the standard which he thinks it should occupy in educational matters.

Prof. Charles Methley acted as secretary of the meeting.

THE Rev. W. H. Milburn, the blind chaplain of the House of Representatives, is a native of Philadelphia, and was born in 1822. He lost the sight of one eye when quite young, and the other soon became practically useless. He mastered the blind alphabet, and at the age of 20 was ordained a minister. After that he traveled over two hundred thousand miles, filling appointments to preach in all the Southern States. Within the last thirty years he has preached in nearly every State in the Union and in some European countries. He has been chaplain of the House since 1883, and can, in all probability, hold the place indefinitely.

A HEADLONG FLIGHT.

William Rowe Falls Down a Stairway and is Injured.

William Rowe, a clerk, had a bad fall down a stairway at his home, 19 Francis street, Saturday night.

The right shoulder joint was fractured so badly that Drs. Laubach and McOscar were occupied for a considerable time in dressing the injury.

Other injuries of lesser nature were received.

THE latest version of "The Girl I Left Behind Me" comes from California. In this case the young man did not seem to realize the girl's attractions until he got across the continent, and then, after a year or two of hard work in California and with the prospect of wealth before him, he bethought himself of a young lady who used to be a schoolmate of his in Maine. He wrote to her to see if she had forgotten him. She hadn't, and cordially answered the letter. The return mail brought a proposal of marriage, which was accepted. A ticket for California came next, and though her friends did not quite approve of the journey, the young lady started. Unlike some who have made similar trips, she liked both the farm awaiting her and its possessor even better than she thought she did before she saw them. The wedding came next, and everybody was happy at last accounts.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER CO., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

THE Norwegians are said to be the longest lived people in the world. Official statistics show that the average duration of life in Norway is 48.33 for the men, 51.30 for the women, and 49.77 for both sexes. The duration of life has increased of late years.

Poor Humanity!

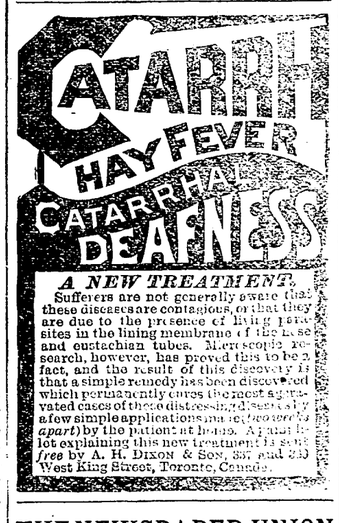

The common lot is one of sorrow say—at least—the pessimists, they who look at the worst side. Certainly what would otherwise be a bright existence, is often shadowed by some ailment that overhangs it like a pall, obscuring perpetually the radiance that else would light the path. Such an ailment, and such a common one, is nervousness, or in other words, weakness of the nervous system, a condition onl irremediable where inefficient or improper means are taken to relieve it. The concurrent experience of nervous people who have persistently use Hostetter's Stomach Bitters is, conquers entirely supersensitiveness of the nerves, aswell as diseases—so calle —which are invited and sustained by their chronic weakness. As the nerves gain strmina from the great tonic the trouble disappears. Use the Bitters for malaria, rheumatism, billiousness and kidney troubles.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been discovered which permanently cures the worst aggravated cases of these distressing diseases by a few simple applications made at two weeks' apart) by the patient at home. A pamphlet explaining this new treatment is sent free by A. H. DIXON & SON, 337 and 339 West King Street, Toronto, Canada.

TAR-OID

NATURE HAS NO BETTER REMEDY

Than this New Compound of Tar for

Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confound ed with the cheap remedies which are prepared on the theory that *Skin Diseases* are caused by *impure blood*, which is not true. They have their cause in a want of *vital action* in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease*, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

MONDAY'S GOSSIP.

The Day's News as Found Around the Railroads--Pencil Picture of A. R. Polhamus.

POLHAMUS PICTURED.

One of the best known railroad men on the western division of the Pittsburg, Fort Wayne and Chicago road is A. R. Polhamus, the road foreman of locomotive engineers. Like many others in his field in life he has arisen from the ranks.

He was born in New York state and his early life was spent on a farm. After obtaining such an education as the country schools afforded, he became a sailor on the lakes. This occupation he followed for two years, when at the age of twenty years he began railroading in the west, taking a position on a construction train on the Pittsburg road near Valparaiso.

Two years afterward, he became a brakeman, and in four, by successive promotions, was made an engineer, and continued in the latter position for over nineteen years, when in 1882, he was promoted to the position he now holds, that of road foremen of locomotive engineers, having charge of the men on the western division of the road between Crestline, Ohio, and Chicago.

For a third of a century his life has been one of perils—one year a brakeman, two years a fireman, nineteen years an engineer and the balance in his present position, which calls him on the road nearly every day, and yet during all of that time he has never been seriously injured, although he has had some narrow escapes. Twice while he was on duty as an engineer his locomotive was derailed by a broken rail and rolled down an embankment with him on it, but he escaped without serious injuries.

Mr. Polhamus is a man who is universally esteemed, not only among railroad men, but among the citizens generally. His friends are legion and he makes new ones wherever he goes by his pleasant social ways. He is one of the Pennsylvania company's most trusted officials.

GOSSIP OF THE DAY.

There are several pay days this week.

Passenger travel on the railroads is light.

The Wabash shops are kept very busy.

The wind blew in a terrific manner around the railroads this morning.

The train men had a lively time last night tussling with the wind storm.

Fred Harterkorn has taken a position as machinist at the Pittsburg shops.

J. A. Golden, fireman on the Pittsburg, is off duty on account of illness.

The wind storm last night did not delay passenger trains to any great extent.

William Weil, machinist at the Pittsburg, spent Sunday at Toledo with his family.

John E. Roost, of the Pittsburg blacksmith shops, is off duty on account of illness.

W. O. Bassett, machinist at the Pittsburg shops, is off duty on account of sickness.

John Landenberger, manager of the Fort Wayne machine works, is in the east on business.

Chas. Zimmerman and John Seidel, of the Murray works, are in Iowa doing work for their firm.

Fred Zeigler, of the Olds wheel works, who had one of his fingers cut last week by a saw, is off duty.

Henry Gerken, of the Pittsburg boiler shops, has been appointed boiler inspector for this year.

A big door and several windows in the Pittsburg car shops were blown down last night by the wind.

A big tree in the rear of the home of Clerk W. C. Baade, of the Pittsburg blacksmith shop, was blown down by the wind last night.

Henry Bickness, of the Pittsburg blacksmith shops, had two of his fingers badly bruised Saturday by a piece of casting falling on them.

Christ Rhein, of the Pittsburg blacksmith shops, had his foot injured Saturday by a truck of iron running over it. He is off duty in consequence.

Chas. Leayn, formerly of the Pittsburg paint shop, who stole an overcoat and $2 in money from his boarding house, has been bound over to court.

Harry Rupert, of the Jenney; Jeff White and William Fetter, of White's; A. Krummer, W. A. Woolford and B. Weber, of the Pittsburg, are on the sick list.

The many friends of Engineer James Hartigan, of the Nickel Plate, will regret to hear that he is lying very sick at Stony Island. Mr. Hartigan has been a great sufferer for the past five years from kidney complaint.

Several nights ago a car in the Wabash yards, at Huntington, was broken open by some unknown parties. The seal on the door was broken and the car robbed of merchandise which included ten boxes of cigars and a case of gun powder. It was thought best to keep quiet regarding the matter until some development should come to the surface, Friday night, at Huntington, the police made the arrest of Fred Nicholas and Jeff Brumbaugh as having been implicated in the theft. The accused are probably aged fifteen and eighteen respectively, and were bound over to the next term of court. Brumbaugh secured bail but his pal had to go to jail.

The following employes of the Pittsburg machine shop are off duty on account of illness: P. J. Scheid, W. O. Bassett, Geo. Schumacke, Fred Zimmerly, J. E. Bennigan, A. Kimmer, William Hosley, F. Carey, James Bittner and C. E. Pierce.

Ed McCamley, one of the most popular moulders at the Bass works, an active young democrat and secretary of the "Our Own Club," an aid society composed of iron moulders of the works, was presented Saturday evening, at the Custer house, with a gold-headed silk umbrella by the members of the club. The gift had inscribed on the handle "Presented to Ed McCamley by Our Own Club." The presentation speech was made by Foreman J. J. Stier, and Mr. McCamley, although taken by surprise, feelingly responded. A pleasant reception followed. The gift was made as a mark of appreciation of the members of the club for their secretary and his efforts in their service.

DOM PEDRO, ex-Emperor of Brazil, once called on Victor Hugo and asked the privilege of dining with him. The two men talked until 3 o'clock in the morning. Hugo asked the Emperor what countries in Europe struck him as being the happiest. "Switzerland, France, and Scotland," was the answer. "What reason do you assign for this?" continued the poet. "The fact that Switzerland is an old republic; that France has accomplished a republican evolution; and that Scotland has a republican form of church government," explained Dom Pedro. "The church has given a moral strength to Scotland which is unique, and her climate has imposed hardy habits on the Scotch people."

THE first aerial voyagers were a sheep, a cock, and a duck, which were placed in an osier basket attached to the lower part of a balloon that ascended on the 19th of September, 1783, at Versailles, France, the King and royal family "assisting" at the spectacle. The ascension was made at the instance of a commission appointed by the Academy of Science, and the balloon was constructed under the supervision of Stephen Montgolfier, to whom, with his brother, Joseph, the invention of the balloon is due. The sheep and duck and cock reached the ground again in safety. The first air voyage made by any human was also made in this year, 1783.

A GENTLEMAN who purchased a skeleton ticket from an Oil City ticket agent about a year ago called at the office of the same agent a day or two ago and wanted a ticket "just like the other." It seems that he had ridden around on the ticket indiscriminately for an entire year. Each conductor to whom it was presented scrutinized it closely, at arm's length, and with spectacles on, and in every other way, punching and handing it back. The owner or anybody else couldn't read it, but it appeared to be good. It had been so thoroughly punched that it fell to pieces, and no wonder the gentleman wanted another "just like it."

EMIN BEY is certainly the sport of misfortune and an adverse fate. He surmounted all the dangers and difficulties of the river and jungle, of rebels in his own camp and savages on the borders of his province to meet disaster on the very verge of civilization. If report be true, this daring scientist and explorer has returned a poor man. His stock of ivory, which he had accumulated during his sojourn in the heart of Equatorial Africa, has all been burnt or stolen. It is hardly probable, however, that the influences and powers which have been behind Emin in the past will desert him now in his extremity.

PAINT from potatoes is a new wrinkle in the arts and sciences. *Kunlow's Trade Review* gives the manner of preparation. Boil a kilo of peeled potatoes in water; after mashing, dilute with water and pass through a fine sieve. Add two kilos of Spanish white diluted with four kilos of water, and the result will be a color of beautiful milk white. Different colors can be effected by the addition of different ochres or minerals. Apply with a brush; it adheres to plaster and wood very well, will not peel, and, best of all, is cheap.

THREE years ago seven working girls, who moved in the same set, resolved never to marry. Now they are provided with husbands except one, and her engagement is announced.

This age presents the greatest boon, Salvation Oil; it cures so soon.

When Christmas came with its good cheer, its fun, and its merry making, we used to deprecate its colds, but that was long ago, before the days of Dr. Bull's Cough Syrup. Now it is very different. A new era has dawned on us, and great and small, little and tall, merry men all, are happy.

EMANUEL'S CONGREGATION.

The Congregation Hold an Election and General Business Meeting.

At a general business meeting of the congregation of Emanuel Lutheran church, of which Rev. C. Gross is pastor, the following were chosen:

Elders—Gottlieb Niemann and William Lange to serve three years.

Deacons—Henry Tresler and Charles Kruse to serve three years.

Trustees—Frederick Boester and John C. Peters to serve three years.

Treasurer—Henry Hilbrecht to serve one year.

Secretary—George Hormel to serve one year.

The church was never in a more prosperous and healthful condition.

TO PROVE her loyalty to the cause, Jubilee Jane, of the Pittsburgh Salvation Army, sang a song of over forty verses without stopping, and wanted to do it over again.

MRS. CHARLES KIMLA, of Trenton, Wis., recently presented her husband with three fine girl babies, their combined weight being twenty-one pounds.

Salt Rheum

With its intense itching, dry, hot skin, often broken into painful cracks, and the little watery pimples, often causes indescribable suffering. Hood's Sarsaparilla has wonderful power over this disease. It purifies the blood and expels the humor, and the skin heals without a scar. Send for book containing many statements of cures, to C. I. Hood & Co., Apothecaries, Lowell, Mass.

The man who saws stovewood in Kansas ought to be happy this winter. He doesn't have to do it. Corn will fit any stove.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

The manager of the Astor estate ought to put aside a little for a rainy day. He receives an annual salary of $25,000.

Last winter Mr. H. E. Kinkade, collector for the United States Express company, at Des Moines, Iowa, was severely troubled with chilblains. The swelling and intense itching of his feet was a great annoyance to him. He tried several remedies without benefit, but fortunately bought a bottle of Chamberlain's Pain Balm. He says he only applied it three times until his feet were entirely well and free from itching and swelling. For sale by Geo. H. Loesch.

The Marquis of Lorne has written a novel which he calls "A Canadian Story." The critics say it is stupid.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

THE HOLIDAY TRADE.

GREAT ATTRACTIONS FOR CHRISTMAS AND NEW YEARS.

In our New Store we can make a much handsomer display of our Christmas goods than in the old place. All our fancy Christmas presents show off to a much better advantage, and in order to accommodate all our customers we have laid in an immense stock of all kinds of holiday goods.

We have a large stock of Plush Albums of different shades and sizes ranging from 50c to $3.50. Fancy Silk Plush Velvet Toilet sets, 75c to $2.00. Large Wax Dolls and China Dolls in all sizes from 5c up to 70c. Fancy Tea Sets for children, Boy's Drums, Guns and Pistols, Balls, A. B. C. Blocks, Horses, Carts, Lions, Elephants, Tigers, Dogs and Cats, Jumping Jacks, Music Boxes and a thousand other things for Christmas and New Years, and

CHRISTMAS TREE CANDLES

We have an immense supply and this year at extremely low prices, 15c a Box.

AND IN OUR TEA, COFFEE AND SUGAR DEPARTMENT

Our increase in them is very great since removing to the new place. The high price of Coffee is inducing a good many to use Teas, as there has been no advance in them, in fact Teas are lower now than they have ever been in the history of the trade, a good Tea can now be bought for 20c per pound, this is the same price as a pound of Rio Coffee and it will go twice as far. Our very best Tea is 50c per pound, just the same goods that sold a few years ago at $1.00 per pound. We also have a common Japan Tea as low as 10c per pound, this we sell little of, our best goods are so cheap that most of the trade prefer the best.

Young Hyson Tea 20c lb, choice 30c and 40c lb, best 50c lb.
Gun powder Tea, very choice, 30c lb, best 50c lb.
Oolong or Black Tea, 20c lb, 30c lb, best 50c lb.
Imperial Tea, choice 30c lb, very best 50c lb
Japan Tea, common 10c lb, choice 30c lb, best 50c lb.

The 80c Japan Tea can not be beat. In fact, it will make as good a draw as tne 50c, and few can tell the difference. It is sweet, high flavored and a rich drawing Tea. It is a lot of 50 chests we purchased of a New York house in closing out at half the usual price. No charge for trying it. You will try two pounds in place of one when you once see it.

THE SUGAR MARKET

In consequence of the movements of the sugar trust, sugar has been subject to severe fluctuations and the rises in 90 days was equal to 40 per cent, but in the last 30 days the tendency has been downward, and we have reduced all goods 1c lb, from the highest point we quote now:

Crushed and Powdered, 7c lb. Cut Loaf and Granulated, 7c lb.
Standard Coffee A., 6½c lb. Choice Yellow Extra C., 5c lb.

COFFEE, RIO AND JAVA.

The same influences that governed the sugar market has also controlled the coffee—viz—a coffee trust—and the price has been advanced and maintained the last year, in the face of a large crop and abundant supplies. There is now a prospect of a declining market. We are still selling our coffee's 2c below the market prices:

Choice Green Rio, 20c lb; Best Old Government Java, 27c lb; Choice Roasted Rio, 23c lb; Best Roasted Package Sampson Brand, 24c lb; Jersey Coffee, Roasted in Packages, 24c lb; Leverings Coffee, Roasted in Packages, 24c.

CALIFORNIA FRUITS CANNED AND DRIED.

FOR CHRISTMAS CAKE—Foreign and Domestic Dried Fruits.

New Valencia Raisins, 10c lb; Muscatel Raisins, 12c lb; Sultana Seedless Raisins, 14c lb; Zantee Currants, nice new and fresh, 8c lb; Leghorn Citron, 25c lb; Orange and Lemon Peel, 18c lb; Shelled Almonds, 35c lb; Good Figs, 8c lb; Best Figs, 15c lb; Dried Raspberries, 33c lb; Pitted cherries, 15c lb; Dried Blackberries, 8c lb; Dried Peaches, 8c lb; Dried Apples, 7c lb; Evaporated Apples, 9c; German Pears, 10c lb; Turkish prunes, 5c.

CANDIES AND NUTS FOR CHRISTMAS.

Pure Stick candy, 12c lb; Choice French Mixed, 12c lb; Fancy Toy candies for children, 20c lb; all kinds of Christmas Tree candies for decorations, 1c, 2c, 3c, 5c and 10c each; Mixed fancy candy, Bon Bons, 20c lb; Chocolate candies, 20c lb; English Walnuts per quart or pound, 12½c; Brazils and Filberts, 10c lb; Almonds, soft shell, 15c; Mixed Nuts, 12½c, quart or pound.

FOR CHRISTMAS TREES.

Christmas tree candles, we have all sizes and a large stock, which we offer at 15c a box, this is much lower than they have ever been sold at. Also, all kinds of ornaments for Christmas Tree decorations from 1c, 3c, 10c and 20c each.

OUR BLIZZARD!

The Winter King is Here in Earnest--How the Storm Rages in Different Parts of the Country.

WICHITA, Kan., Jan. 13.—A blizzard has been raging since midnight Saturday. Snow is about a foot deep, and the mercury is at zero. There is fear of considerable suffering in the southwest, where it is learned the storm is much more severe than here.

A train on the Wichita and Western yesterday morning stuck in a cut fifteen miles from a station about one hundred miles west of here. There are twenty passengers on board, and they have no provisions, and but little coal.

Many people in Stevens county are suffering. Some people who have been living in dug-outs near the southeast corner of the county are supposed to have frozen to death.

NEW SALEM, N. D., Jan. 13.—The storm which struck this city during Saturday night was the most terrific in the memory of the oldest inhabitant. It snowed so fast yesterday that pedestrians were scarcely able to see their hands before them. It will be several days before the roads can be sufficiently cleared for travel.

ALBERT LEA, Minn., Jan. 13.—A blinding snow storm has been raging here since before daylight yesterday morning. All trains are delayed and roads through the country are so badly drifted that they are practically impassible.

HAMBURG, Ia., Jan. 13.—A heavy snow storm, the first of the season, has prevailed here all day. Fully twelve inches of snow have fallen. The wind is blowing a gale and it is drifting badly.

MILBANK, S. D., Jan. 13.—Yesterday a storm, which has driven everybody to cover, broke out at 7 o'clock in the morning and shows no signs of abatement. Fears are expressed that there may be a repetition of the storm of January 12, 1887. Railway traffic is practically abandoned.

STONINGTON, Ill., Jan. 13.—About 5:30 p. m. yesterday a heavy westerly wind struck the Catholic church, completely demolishing the building but luckily, the service had been held in the forenoon.

CARLYLE, Ill., Jan. 13.—A terrific wind and rain storm visited this section yesterday afternoon, blowing down fences and telegraph poles. The storm was more violent between here and St. Louis and it is thought much damage has been wrought.

EMPORIA, Kas., Jan. 13.—A terrific blizzard has been raging here since before daybreak yesterday morning. A blockade of trains in all directions is threatened.

EMMETSBURG, Ia., Jan. 13.—The storm predicted by the weather bureau has arrived on time and a genuine blizzard is now raging. The wind is from the northwest, and is blowing at the usual blizzard rate, which, with the thermometer at zero, makes the storm one of unusual severity.

BEARDSLY, Minn., Jan. 13th.—A snow storm with a blizzard attachment, struck this section early yesterday morning. The drifts have piled up in some places as high as twenty feet. A piercing north wind accompanies the storm and the mercury is below zero. Trains and wagon traffic is at a stand still.

GRAND RAPIDS, Minn., Jan. 13.—The first great storm of the winter is raging in the upper Mississippi region. There is nearly a foot of snow and the river is finally frozen.

BURLINGTON, Ia., Jan. 13.—A heavy rain fell most of Saturday night and continued yesterday until last evening. The weather grew rapidly cooler and the walks were soon covered with sleet. A heavy northwest wind is blowing, with every character of a blizzard, the rain having changed to sleet and snow.

ISPWICH, S. D., Jan. 13.—Ispwich is shut out from the rest of the country by the most terrific storm that has visited Dakota since 1880. It is still snowing.

TOPEKA, Kan., Jan. 12.—About 4 o'clock yesterday morning the first snow storm of the winter struck this part of the state.

ABELINE, Kan., Jan. 13.—More than a foot of snow has fallen in twenty-four hours and the blizzard is still raging.

VENICE, Ill., Jan. 13.—The cyclone swooped down on this vicinity in a savage style last night. It wrecked two churches in Brooklyn, turning one around while it was filled with colored worshippers. Several were slightly injured.

The houses on the Irwin Smith and Charles Harvard farms were destroyed. A house belonging to a man named Morlack, near Venice, was blown down, and it was reported that a woman was seriously injured. The damage is estimated at $3,500,000.

NEW YORK, Jan. 13.—Three belated steamships got in yesterday, after a hard struggle against head winds, mostly of hurricane force, and tall seas. They were the Germanic, the City of Berlin and the Slavonic. The figure head of the City of Berlin was smashed to smithereens by a sea which broke over bows and flooded the spar deck. Nobody was hurt. The Slavonic had to put into Halifax for coal, as her usual supply was insufficient for a protracted voyage. Vessels from the south report pleasant weather throughout the voyages.

ST. LOUIS, Jan. 13.—A terrific wind storm, amounting to a cyclone, struck this city yesterday and many buildings were unroofed. Four persons were killed and several injured.

COSTLY FIRES.

The Fiends' Work Throughout the Country.

NEW YORK MILLS, Minn., Jan. 13.—Fire was discovered in the People's elevator at 11 o'clock Saturday night, and the flames gained such headway that the fire department could do nothing except prevent the destruction of adjoining property. The elevator contained 20,000 bushels of wheat. The loss is estimated at $25,000, with an insurance of about $10,000.

FORT MADISON, Ia., Jan. 13.—A costly blaze occurred here at noon yesterday, the clothing and boot and shoe stock of J. G. Schwartz, valued at about $5,000, being almost completely destroyed by fire, smoke and water. The stock and building were insured.

SAN FRANCISCO, Cal., Jan. 13.—The girls' high school burned to the ground last night. The loss is $30,000.

A PROMISCUOUS WRECK.

Twenty-five Cars Piled on a Locomotive and all are Burned.

DENNISON, O., Jan. 13.—A bad wreck occurred on the Pan Handle at Union Point, thirty miles east of Dennison, yesterday morning, delaying passenger trains five to six hours.

The first section of a freight train broke in two. The rear end ran into the front part of the train, wrecking a number of cars. The second section ran into the second and the fourth into the third, piling up the cars indiscriminately.

It is reported that twenty five cars were piled on top of one of the engines. The wreck took fire and burned up the cars and one engine. Fortunately the trainmen all jumped and escaped with slight injuries.

THE WESTERN WAY.

"Big Mac," a Noted Gambler, Shot and Killed.

SPOKANE FALLS, Wash., Jan. 13.—H. M. McCrosser, better known to the sporting fraternity as "Big Mac," was shot and killed by Harry Baer, one of the proprietors of the largest gambling house in the northwest, yesterday. Baer was in the act of ejecting a man from his house for stealing chips, when he was assaulted by "Big Mac." After bearing up under the assault as long as possible, Baer drew a revolver and shot his assailant. The latter died fifteen minutes later.

A HOOSIER FLOOD.

Washington, Ind., Inundated by High Water.

VINCENNES, Ind., Jan. 13.—The lower portion of the city of Washington, Ind., is inundated by the flood. The water works are entirely useless. They are situated on the banks of the White river and the machinery is entirely submerged. The Ohio and Mississippi shops and railroad water tanks are dry and cannot be filled. Water has to be supplied from Vincennes. Fifty-three engines in one string were waiting for water yesterday.

The Murphy-Wier Fight.

SAN FRANCISCO, Jan. 13.—The "Belfast Spider" and Australian Murphy were both seen by the directors of the California club yesterday and stated that they will surely fight to-night.

Wier's left hand is still practically disabled from the bullet wound through the index finger, which is swollen and stiff. Murphy's left wrist, which was broken in his late fight, is also weak, so the men are likely to be cripples after a few hard rounds. On this account but little money is being bet. Wier is a slight favorite.

Firm Failed.

CHICAGO, Jan. 13.—The Niblock Coal and Mining company made an assignment to-day. The liabilities are about $15,700. The assets are not stated, but it is thought they are considerably less.

HON. WM. FLEMING!

Expires at His Home in this City at 3:30 O'clock This Afternoon.

Sketch of a Life of Great Honor and Distinction--His Eminent Public Services and Private Worth.

Hon. William Fleming is no more. The battle that he had waged so long against disease is at length at an end and he is numbered among the innumerable host that death has marked for its own.

He died of acute asthma at half-past 3 o'clock this afternoon at his residence, No. 261 West Berry street, surrounded by his grief-stricken wife and children and by kind friends, who deplore his death as a private affliction.

It is with feelings of the deepest sorrow that these tidings are thus made known to a community which honored him for the great achievements of mind and revered him for his nobility of his character. He died as he had lived, at peace with the world.

When Mr. Fleming, two weeks ago, left Fort Wayne, with Mrs. Fleming, in search of health in the southwest, it was not expected but that he would return, as he had often done before, greatly recuperated. At St. Louis, however, his malady became so much worse that, acting upon the advice of a physician, he was brought home. This change in the plan was probably not well advised, for there could be no recovery in this rigorous climate which he only left when failing strength made his leave taking compulsory. He sank rapidly, and, though he endeavored to impress upon those around him a hope in his recovery, his condition was never inspiring.

With each successive attack his constitution became more enfeebled until only the iron will that had carried him through years of affliction was left to suggest the strong man that he once was. He died as he had lived at peace with the world and in the hope of a glorious resurrection.

William Fleming was born in Ireland sixty years ago and was the oldest son of worthy parents. Early in life his father died and he was the principal support of his widowed mother and the younger children. His first occupation was that of a stone cutter in the employ of the late James Humphrey. His first appearance in politics was as candidate for the office of high constable, long since abolished. He was subsequently appointed by Sheriff McMullen as a deputy and officiated at the hanging of Madden and Keefer, murderers of William Dunbar. Upon the death of Mr. McMullen, Mr. Fleming succeeded to the shrievalty and served two terms, performing the duties with such marked ability that he was twice elected to the office of clerk of Allen county, serving eight years in that capacity.

His unusual ability as a party manager and leader, the strength of his personal following among all classes of people, soon made him a conspicuous figure in the state councils of the democracy, and no question of importance came up for discussion, but his opinion was asked, and his well-grounded conviction of what was best to do carried great weight. In northern Indiana he was easily the leader of his party. He served frequently as a member of the democratic state central committee, and to his intimate knowledge of men and measures is, by common consent, largely to be attributed the successes that were met with.

In 1878 he was nominated at Indianapolis for the place of treasurer of state and was elected after an unusually hot campaign. It was during the two years that he held this office that a large part of the work of building the new state house was done and a great volume of money passed through his hands but so faithful was he to his trust that not even the most bitter political foe could question his entire honesty and his high financial ability.

In 1880 he was again nominated for the state treasury, but with the rest of his ticket was defeated. He has never again been a candidate for office. His political activity, however, did not end here, but he continued to exert himself in the cause of democracy, and, whether in caucus or convention, or in the heat of campaign, his strong hand and earnest will were felt on the side of those great political principles to which he had devoted so much of his life. He never forgot his friends.

Mr. Fleming made it a point to attend all of the national conventions of his party, and, though in feeble health, was at St. Louis when Grover Cleveland was renominated to lead the democracy in the battle against the choice of the republican nominee, selected at the Chicago convention some weeks later. At these conventions he was always consulted with regard to the politics of Indiana, the pivotal state.

Mr. Fleming was a man of great wealth, amassed in the pursuit of business of unusual magnitude. In nearly every enterprise that enlisted his energies his wonderful grasp made him the leader. He was for many years proprietor and editor of the Fort Wayne SENTINEL, and the vigor of his editorials had a far-reaching effect upon men of all political parties.

The paper had previously been wedded to the hard money doctrine, but this policy was instantly changed and he continued to weild a vigorous pen in the advocacy of the resumption act and the remonetization of silver coin. On economic questions he was an acknowledged authority and in every matter relating to the position of the democracy on important issues he was always consulted. No democrat gave to his party more splendid service than he.

Mr. Fleming's business career was so intimately connected with the growth and prosperity of the city as to be generally known to the community. At the time of his death he was treasurer of the Indiana School Book company; was vice-president of the Salimonie Mining and Gas company; vice-president and acting president of the First National Bank of Fort Wayne, president of the Hartford City Paper Mill company, and a director and stockholder in as many other large concerns.

Until the past few years he was one of the chief owners of the stock of the Clark & Rhinesmith Lumber company, and only a few weeks ago sold to William Pape a half-interest in the Peters Box and Lumber company and the Fleming Manufacturing company.

He was one of the originators of the New York, Chicago and St. Louis railway (Nickel Plate) and served as a director until the property was sold to the Vanderbilts.

Mr. Fleming was twice married. His first wife bore him two children—Mrs. Dr. Willien, of Terre Haute, Ind., and Mr. Luke M. Fleming, assistant to Warden Murdock, at the state's prison north. Neither were present at his death. By his second wife he has eight children, the youngest a mere child.

Among them are Mrs. Dr. J. M. Dinnen, Mrs. A. B. Treutman, Mrs. Wm. M. McKinnie, Stephen, Celeste and William Fleming, jr. All of these were present at the close of their father's honorable and distinguished career.

DEADLY TORNADO.

Eleven People Killed and Many Injured at Cairo, Ill.

CAIRO, Ill., Jan. 13.—A tornado last night struck the east side of the city of Clinton, Ky., demolishing fifty-five houses, killing eleven people and wounding fifty three.

The killed, so far as ascertained, are: J. A. Rhodes and two children; Mrs. Wm. Bone, Burnett Bone, Walter Nance, John W. Gaddie and infant; infant J. C. Hodges; one person not identified.

ARKANSAS AHEAD.

An Arkansas Woman Gives Birth to Four Babies.

TEXARKANA, Ark., Jan. 13.—Mrs. Page, of this place, has just given birth to four fine girls, and the mother and babies are all doing well.

Mrs. Page had twins by her former husband and once by her present husband, making eight children at three births. The ladies here have formed a sewing society for the occasion, and a large quantity of infants' wearing apparel and soothing syrup will be forwarded to the little ones.

Crushed by the Cars.

Barney Helwig, a fifteen-year-old lad of Peru, Ind., while stealing a ride on a Wabash freight train yesterday, fell between the cars and was terribly crushed, amputation of one limb being necessary, which, with other injuries, may prove fatal.

Yesterday Engineer Joseph Barlow, of the Nickel Plate, swallowed poison by mistake. Powerful emetics saved him.

The St. Paul Lutheran schools are closed.

Mr. H. G. Olds has gone to Chicago.

THE CRONIN MURDERERS.

The Hearing of a Motion For a New Trial in Their Case Adjourned Until To-Morrow.

CHICAGO, Jan. 13.—Branch No. 3 of the criminal court resumed this morning some of the familiar features which it wore during the three and a half months of the Cronin trial. The prisoners' row had been shortened by one. John F. Beggs, who formerly sat at one end of the line, was free. His chair was occupied by Dan Coughlin. The four convicts seemed in good spirits. The certainty of a life in prison seemed to be more agreeable to Burke, Coughlin and O'Sullivan than the horrible uncertainty that hung over them throughout the trial.

Just before the judge took his seat John F. Beggs and his lawyers, Messrs. Foster and Ames, came into court. Beggs looked worse in appearance than when he was making his daily visits to the court room by compulsion.

"I just wanted to see how it looked from the other side, said he. When the prisoners came into the court they shook hands with those who were within reach. Beggs shook hands with Kunze and sat down at one end of the reporters' table.

"Come in here and sit, Beggs," said Coughlin, with a smile.

The man who escaped the fate of his co-defendants, laughed and shook his head. States Attorney Longenecker accompanied by Messrs. Ingham, Mills and Hynes appeared for the state. Messrs. Forrest, Donohue and David appeared for the defense. When the court was opened, Mr. Forrest asked that the hearing of the arguments be postponed for one week.

The counsel for the state opposed any delay. Judge McConnell was also opposed to delay and told Mr. Forrest in so many words that it was useless to make any argument against the Cronin jury. "For," said the court, "if that was not a good jury then it is useless to try to convict prisoners where there has been any public discussion. You might as well let the prisoners go."

It was finally decided that the court would wait until Judge Wing's arrival at 11:45 o'clock.

When Judge Wing arrived he asked for at least a delay until to-morrow. Finally, after much wrangling between the attorneys, court was adjourned until 10 o'clock to-morrow, when it is expected the motion will be argued.

THE DEATHS.

Two Esteemed Citizens Pass to the Beyond.

This morning, at the home of his son-in-law, ex-Councilman Christ Kramer, 128 Madison street, occurred the death of Mr. J. M. Denter, of Bright's disease.

Mr. Denter was seventy-two years of age and an esteemed German citizen. He was formerly engaged in the tailoring business. The funeral has not been announced.

Mrs. Elizabeth Hohnholz, wife of Mr. Herman Hohnholz, died yesterday of typhoid fever, at her home, 78 North Harrison street, aged thirty-three years. The funeral occurs Wednesday, at 1:30 p. m., from the St. Paul Lutheran church.

The two-days-old child of Mr. Wm. Franke died yesterday.

THE "DUSTIES" ARE COMING.

The State Millers' Convention to be Held in This City.

Word was received in this city by J. B. Monning to-day of the decision of the Indiana State Miller's association, to hold their annual convention next May in this city.

The conventions have heretofore been held at the state capital.

The Northern Indiana millers, at their meeting in this city next month, will express to the state association the satisfaction they feel at the choice.

Fort Wayne will make her guests feel at home. Welcome to the "dusties."

Let other conventions fall in line.

THE MONTANA SITUATION.

The State Has No Debt But She Has a Fight.

HELENA, Mont., Jan. 13.—Montana begins the year without a dollar of indebtedness and with a cash balance in the treasury. State Auditor Kenney has completed his report to the governor for the last year, and has placed it in the hands of the printer.

There is talk of a compromise among the legislators. Many expect to-day that something will be done to bring the two houses together. What that something is is indefinite and shapeless. Democratic senators continue to attend the sessions of the senate, but refrain from answering any roll call.

GOT ITS GRIP ON.

Twenty-Four Concordia College Students Down With La Grippe.

Dr. A. J. Laubach is attending twenty-four students at the Concordia college, who are down with the "grippe."

The malady is still spreading and the studies are considerably interfered with.

Should the number of cases continue to grow larger, it may be deemed proper to temporarily suspend the classes, but it is thought that there will be a decrease, rather than an increase, of victims.

TWO MEN KILLED.

A Locomotive Runs Into a Hand-car on Which They are Riding.

Saturday evening, after the limited express east on the Fort Wayne road had passed Wheeler station, west of this city, two brothers, John and Henry Rasimus, employed one on the Fort Wayne road and the other on the Nickel Plate as section hands, started to run a velocipede hand-car to Hobart, three miles west of Wheeler.

They were run down by a light locomotive that was running backward. Both men were instantly killed. They leave large families. One of the men, which it cannot now be ascertained, formerly lived in this city. There was a double funeral at Wheeler to-day.

A DRIVER HURT.

Fred Engelking Has an Experience With a Runaway Horse.

This morning Fred Engelking, a driver for Clayton, Purcell & Co., suffered severe scalp wounds while attempting to stop a runaway horse.

He was about to load some goods into the wagon at the Pittsburg freight warehouse, when the horse started off suddenly, throwing the driver almost under the horses' heels. He grasped the lines and was dragged some distance.

The man was released from his perilous position, and thus escaped with very severe injuries and perhaps his life.

TO BE RECOMMENDED.

The Contemplated Street Pavement Improvements for Next Spring.

At the council meeting to-morrow evening there will be a recommendation that the following streets be paved in the spring:

Broadway—DeWald to Berry.

Washington street—Broadway to Harmer.

Jefferson—Broadway to Calhoun.

Lewis—Calhoun to Harmer.

Hanna—Wayne to DeWald.

Wallace—Hanna to Lafayette.

Wayne—Clinton to Hanna.

Fairfield avenue—Jefferson to DeWald.

DeWald—Broadway to Hanna.

Maumee avenue—Harmer to Schick.

Berry street will be petitioned for at another meeting.

The paving question is assuming tangible shape.

SHIPPED 10,000 MACHINES.

The Anthony Wayne Manufacturing Company Have an Annual Meeting.

Last Saturday afternoon the annual meeting of the stockholders of the Anthony Wayne Manufacturing company was held at the office of the works. The choice of officers resulted in a re-election as follows:

President—John Rhinesmith.

Secretary and Treasurer—J. H. Simonson.

Superintendent—A. C. Wichman.

Board of Directors—John Rhinesmith, J. H. Simonson, F. C. Boltz.

A resume of the year's business showed that more than 10,000 Anthony Wayne washers have been manufatured and shipped.

The coming year promises to be even better than the one just closed.

IN GAY UNIFORM.

Members of Patriarchal Circle Go to Richmond--Official Visit.

This afternoon Supreme Deputy Oracle Harry France and eighteen members of Patriarchal Circle left for Richmond, Ind., where to-night there will take place the institution of a new temple.

The work will be under Deputy France's direction, and the ceremonies are very impressive.

The members who went were Patriarchs L. Hazzard, H. F. France, George Pressler, I. Trauerman, S. Headford, George Jaap, William Barr, J. E. K. France, Thomas Taflinger, Phillip Lintlag, Gottlieb Haller, Chris Enteman, Jonah Smith, Pres Chapman, Charles Shaw, Henry Swartz, Joe Douglass and Charles Mulfeith.

The True Elixir Of Life Hood's Sarsaparilla

Hood's Sarsaparilla purifies the blood, builds up weak and debilitated systems, gives strength to weakened nerves, overcomes that tired feeling, tones the digestive organs, invigorates and regulates the kidneys and liver, expels disease and gives vigorous health. Young people say: "It is the best medicine we ever took." Old people say: "It makes us feel young again."

Fort Wayne Sentinel.

E. A. K. HACKETT, Editor and Proprietor.

MONDAY, JAN. 13, 1890.

OHIO has a democratic governor. Campbell was inaugurated at Columbus to-day.

THE Iowa legislature choose a senator this week. Allison will undoubtedly be re elected.

THE republican editors of the state will hold a meeting at Warsaw on February 20 and 21.

A STRONG effort is being made to induce the council to pave several of the east and west streets of the city.

THE attorneys for the men convicted of the murder of Dr. Cronin have filed in court a motion for a new trial.

IT is now said that an inquiry at Prague has resulted in the discovery that Crown Prince Rudolph's death was due to conspiracy.

IT is announced that John Oscar Henderson, of the Kokomo Dispatch, will be a candidate for auditor of state before the next democratic state convention.

A PROOF-READER on the New York World has received a letter from Jules Verne which states that the name of the hero of "Around the World in Eighty Days" is Phileas, not Phineas, Fogg.

THE Prince of Wales' wages as colonel of the Tenth hussars is $1,740 a year, not very much pay to be sure, but he manages to worry along on a tip of $200,-000 per annum from parliament, and $81,000 for being duke of Cornwall.

W. K. SHEFFER, formerly editor of the Angola Herald, together with S. S. Sheffer, has purchased the Kendallville News, and A. S. Roberts has succeeded to the editorial control of the Herald. By the sale of the News Dr. A. S. Parker, one of the conspicuous figures of journalism in Northern Indiana, retires from active work.

THE latest contrivance which is interesting the ladies is given with a pocket in it. The pocket is a tiny affair, fixed in the palm of the left glove, and is thus silent testimony to the fact that most women are right handed. It is for nickels and dimes. On entering a car, the fingers of the right hand deftly opens the little pocket, and the necessary change is easily secured.

THE resignation of Mr. Trotter, the colored Recorder of Deeds for the District of Columbia, has been received at the White House, upon a request made by the president. It is supposed a new appointment will be made shortly. An inquiry made by Senator Ingalls has developed the fact that the office has paid $10,000 in fees during Mr. Trotter's incumbency of two years and ten months. A bill is pending in congress to make the position a salaried one.

HOOSIER sharpers have invented another swindle which is well calculated to deceive the unwary, and they are working the racket quite industriously in some parts of the state. Agents travel about the country selling certificates of membership in the National Union association, the object of which, they represent, is to enable farmers to purchase wagons, buggies and farming implements at manufacturers' prices. The agents claim that the association is incorporated under the law of the state, but inquiry at the secretary of state's office proves such representation to be false, and stamps the scheme as a very neatly arranged fraud.

ONE of the first acts of Pension Agent Ensley after taking charge of his office will be to make application for an additional appropriation for clerk hire. Colonel Zollinger says the present force is entirely too small. The number of pensioners on the rolls of the office has almost doubled since he came into office, and yet the same number of clerks are doing the work. He has continually begged for more help, but has never been able to get it. For several months the work has been so heavy that some of the clerks have been compelled to work fifteen and sixteen hours a day. It is Mr. Ensley's intention to suggest that a sliding scale rule, governing the allowance of clerks to the pension offices, be adopted.

THE official report of the proceedings of the Catholic congress at Baltimore and the centennial celebration of the establishment of the Catholic hierarchy, which have been impatiently awaited by Catholic organizations and individuals throughout the country, has been issued under the authority of Cardinal Gibbons by William H. Hughes, editor of the Michigan Catholic at Detroit. The work being intended somewhat as a souvenir has been given a strikingly artistic dress. It contains a complete report of the congress to the minutest details of every paper presented, as well as an elaborate account of the ceremonies and incidents attending the celebration of the anniversary. The volume is profusely illustrated with the portraits of the archbishops and bishops and other prominent Catholic laymen who participated in the deliberations of the congress.

OUR WAGE EARNING WOMEN.

Hon. David Turpie, Indiana's junior United States senator, sends THE SENTINEL the fourth annual report, recently issued, of the department of labor at Washington.

It contains many interesting statistics and among them are those which gives personal statistics of 17,427 wage earning girls engaged in 243 distinct industries out of many now open to women, and comprising the result of study in twenty-two different cities. The tables bring out very telling facts. The average age for beginning work appears to be fifteen years and four months; but 129 out of the number commenced under nine years of age, and the largest proportion, 3,503, began to support themselves at fourteen.

For years they continue the weary round of labor, rising at 5 or 6, and shortly after going to the factory or shop, where they remain, with but little recess, for ten or more hours. Often their work does not end when they leave the place of their day's labor, for out of the whole number questioned by the agent of the department, 9,813 not only work at their regular occupations, but also assist in the housework at home.

More than half give their earnings to the head of the family, while very many have to care entirely for several others beside themselves. The average wages of the 17,427 was found to be $5.24, and yet with this small amount 6,614 do none of their own sewing, and invariably the girls present a respectable appearance.

These wage earners are women with ideas, high impulses, ambitions and desires such as all other women have. Nowhere else can be found in greater degree the noble impulses of heroism, self sacrifice, patience, cheerfulness and aspiration. All over large cities, after a hard day's work, thousands are gathered in evening schools, working girls' societies, or other rooms opened to them, where they can study and improve themselves.

ALFONSO XIII, king of Spain, the condition of whose illness is noted in our telegraph columns almost every day, was the posthumous son of Alfonso XII. He was born on May 17, 1886, and is therefore three years, eight months and twenty-three days old. He was proclaimed king on the day of his birth, with his mother as queen regent. The succession will naturally devolve upon his eldest sister, the princess of the Asturias, maria de las Mercedes, who was born at Madrid on the 11th of September, 1880, and who became queen of Spain on the death of her father, Alfonso XII, under the regency of her mother, and occupied that position until the birth of the present monarch. In the ordinary course of events the regency of Queen Christina would continue, after the king's death, until her daughter should be old enough to assume the crown.

MURAT HALSTEAD, the Cincinnati republican editor and statesman, scored the prohibitionists during a political talk at Chicago the other evening. Mr. Halstead stopped in the city on his way from Denver to Cincinnati. He said that Ohio had the best liquor laws and the best election laws in the world. The constitution of that state prohibits a liquor system and to restrain the saloons they are taxed specially and directly. "We know," said Mr. Halstead, "that prohibition is a humbug, because it doesn't prohibit. It makes a muddle. With the liquor tax we have done a great deal of good in Ohio. It wiped out the little black-bottle saloons and the like. The prohibitionists are the political serfs of the saloons. The leaders of that party have few, if any, ideas. They are politicians using temperance as a stalking horse."

"Eagle's Nest," by Edwin Arden, with Mr. Barry Johnson in the leading role, will appear at the Temple Monday night. The hero of the play, Mr. Johnson, gives a graphic idea of a free and easy going young western miner. His bravery and gentleness attract the attention of a rich man's daughter, who is beloved by her father's business partner. The latter, after killing the young miner's mother and disabling the hero, escapes, the girl being taken care of by a rough who miner, nurses her through a spell of sickness. Then follow innumerable complications and mishaps, all of which are acted in the most thrilling style. The final scene is a bowie knife fight between the hero and the villian, in which the hero proves to be the victor, and is free to acknowledge his identity and claim as his reward the heroine and a rich property. The curtain drops on a pretty scene and closes an interesting picture of theoretic western life.

The annual report of the National Woman's Christian Temperance Union for 1889, just published, shows a total membership for 1889 of 142,348, a gain of 3,821 over the total paid membership of 1888. This does not include members who for any season have failed to pay their dues on time, nor the large number of unreported unions, honorary members and Loyal Temperance legions, which, together with the 142,348 paid members, make the total membership and support of the Woman's Christian Temperance Union at least 200,000, and doubtless nearer 250,000.

J. B. WHITE'S GIFT.

The Painting of King Robert the Bruce, Presented to the Caledonians.

Last Saturday evening there was a pleasant program of exercises at Caledonian hall, attending the presentation to that organization of the painting of King Robert the Bruce, Hon. J. B. White being the donor. This magnificent picture is from the brush of Ambrose Mac Neil, the Scotch artist, whose work has been on exhibition from time to time in this city.

The exercises consisted of a recitation on King Robert the Bruce, by Miss Annie Sinclair; a recitation, "Scotland's Heroes," by Mr. Stephen Mack, of Toledo; a song by Mr. David McKay; and "Bruce's Address to His Army," by the artist.

Captain Allan H. Dougall, in behalf of the society, accepted the gift, followed by Colonel R. S. Robertson, in a few timely remarks.

After a vote of thanks, on motion of Mr. George Jaap, the song, "Auld Lang Syne" was sung and the members dispersed.

WAYNE TOWNSHIP TEACHERS.

A Very Interesting and Profitable Institute Held Last Saturday.

An institute of the Wayne township teachers was held on Saturday, Jan. 11, at school house No. 2, west of the city. There was a large audience of teachers and others present, over whom Trustee Brackenridge presided with his accustomed urbanity.

After singing and prayer by the Rev. Mr. Miller, Miss Mattie Viberg read a very interesting and valuable paper on "The Early History of Indiana." This was followed by "Moral Education," by Miss Sadie Weaver. This lady laid down a moral code of remarkable severity for teachers, as well as school children, but her paper was well received. A class in reading, consisting of teachers, was taken by Miss Addie Durnell, and this proved one of the most interesting subjects on the program. Miss Hattie Leonard then conducted an excellent exercise in singing, which closed the morning's work.

The ladies of the district then treated the company to an enjoyable dinner in the school house, which was highly appreciated by all.

At the afternoon's session, Miss Minnie Mahin, the teacher of the school, introduced a class of her pupils in history. They acquitted themselves admirably, and do much credit to this lady as a teacher. Miss Annie Fairfield read a review of the works of Alice Carey, and she, assisted by Misses Leonard, Viberg, Houghton and Weaver, then gave selections from this author's poems, which very much entertained the audience. C. Methley followed with the "Atmosphere," Miss Belle Thomas then gave a very fine recitation, and Miss Hattie Leonard read an original paper entitled, "Bits by the Wayside."

The querry box furnished some knotty points which were satisfactorily disposed of by the teachers present. It was decided to hold the next institute on Saturday, February 8, at the No. 3 school, presided over by Miss Sadie Weaver. An adjournment was then made. Trustee Brackenridge considers this the best institute yet held in the township, and hopes by the next meeting to have brought the organization to the standard which he thinks it should occupy in educational matters.

Prof. Charles Methley acted as secretary of the meeting.

THE Rev. W. H. Milburn, the blind chaplain of the House of Representatives, is a native of Philadelphia, and was born in 1822. He lost the sight of one eye when quite young, and the other soon became practically useless. He mastered the blind alphabet, and at the age of 20 was ordained a minister. After that he traveled over two hundred thousand miles, filling appointments to preach in all the Southern States. Within the last thirty years he has preached in nearly every State in the Union and in some European countries. He has been chaplain of the House since 1883, and can, in all probability, hold the place indefinitely.

A HEADLONG FLIGHT.

William Rowe Falls Down a Stairway and is Injured.

William Rowe, a clerk, had a bad fall down a stairway at his home, 19 Francis street, Saturday night.

The right shoulder joint was fractured so badly that Drs. Laubach and McOscar were occupied for a considerable time in dressing the injury.

Other injuries of lesser nature were received.

THE latest version of "The Girl I Left Behind Me" comes from California. In this case the young man did not seem to realize the girl's attractions until he got across the continent, and then, after a year or two of hard work in California and with the prospect of wealth before him, he bethought himself of a young lady who used to be a schoolmate of his in Maine. He wrote to her to see if she had forgotten him. She hadn't, and cordially answered the letter. The return mail brought a proposal of marriage, which was accepted. A ticket for California came next, and though her friends did not quite approve of the journey, the young lady started. Unlike some who have made similar trips, she liked both the farm awaiting her and its possessor even better than she thought she did before she saw them. The wedding came next, and everybody was happy at last accounts.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER CO., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

HENRY MARVIN.

THE Norwegians are said to be the longest lived people in the world. Official statistics show that the average duration of life in Norway is 48.33 for the men, 51.30 for the women, and 49.77 for both sexes. The duration of life has increased of late years.

Poor Humanity!

The common lot is one of sorrow say—at least—the pessimists, they who look at the worst side. Certainly what would otherwise be a bright existence, is often shadowed by some ailment that overhangs it like a pall, obscuring perpetually the radiance that else would light the path. Such an ailment, and such a common one, is nervousness, or in other words, weakness of the nervous system, a condition only irremediable where inefficient or improper means are taken to relieve it. The concurrent experience of nervous people who have persistently use Hostetter's Stomach Bitters is, conquers entirely supersensitiveness of the nerves, aswell as diseases—so calle —which are invited and sustained by their chronic weakness. As the nerves gain stamina from the great tonic the trouble disappears. Use the Bitters for malaria, rheumatism, billiousness and kidney troubles.

CATARRH HAY FEVER CATARRHAL DEAFNESS

A NEW TREATMENT.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been discovered which permanently cures the most aggravated cases of these distressing diseases by a few simple applications made (two weeks apart) by the patient at home. A pamphlet explaining this new treatment is sent free by A. H. DIXON & SON, 337 and 339 West King Street, Toronto, Canada.

TAR-OID

NATURE HAS NO BETTER REMEDY

Than this New Compound of Tar for
Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and
Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that Skin Diseases are caused by impure blood, which is not true. They have their cause in a want of vital action in the Skin. TAR-OID restores this action, hence it cures every form of Skin Disease, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action. Send for our "Good Samaritan" free.

MONDAY'S GOSSIP.

The Day's News as Found Around the Railroads--Pencil Picture of A. H. Polhamus.

POLHAMUS PICTURED.

One of the best known railroad men on the western division of the Pittsburg, Fort Wayne and Chicago road is A. H. Polhamus, the road foreman of locomotive engineers. Like many others in his field in life he has arisen from the ranks.

He was born in New York state and his early life was spent on a farm. After obtaining such an education as the country schools afforded, he became a sailor on the lakes. This occupation he followed for two years, when at the age of twenty years he began railroading in the west, taking a position on a construction train on the Pittsburg road near Valparaiso.

Two years afterward, he became a brakeman, and in four, by successive promotions, was made an engineer, and continued in the latter position for over nineteen years, when in 1882, he was promoted to the position he now holds, that of road foremen of locomotive engineers, having charge of the men on the western division of the road between Crestline, Ohio, and Chicago.

For a third of a century his life has been one of perils—one year a brakeman, two years a fireman, nineteen years an engineer and the balance in his present position, which calls him on the road nearly every day, and yet during all of that time he has never been seriously injured, although he has had some narrow escapes. Twice while he was on duty as an engineer his locomotive was derailed by a broken rail and rolled down an embankment with him on it, but he escaped without serious injuries.

Mr. Polhamus is a man who is universally esteemed, not only among railroad men, but among the citizens generally. His friends are legion and he makes new ones wherever he goes by his pleasant social ways. He is one of the Pennsylvania company's most trusted officials.

GOSSIP OF THE DAY.

There are several pay days this week.

Passenger travel on the railroads is light.

The Wabash shops are kept very busy.

The wind blew in a terrific manner around the railroads this morning.

The train men had a lively time last night tussling with the wind storm.

Fred Harterkorn has taken a position as machinist at the Pittsburg shops.

J. A. Golden, fireman on the Pittsburg, is off duty on account of illness.

The wind storm last night did not delay passenger trains to any great extent.

William Weil, machinist at the Pittsburg, spent Sunday at Toledo with his family.

John E. Roost, of the Pittsburg blacksmith shops, is off duty on account of illness.

W. O. Bassett, machinist at the Pittsburg shops, is off duty on account of sickness.

John Landenberger, manager of the Fort Wayne machine works, is in the east on business.

Chas. Zimmerman and John Seidel, of the Murray works, are in Iowa doing work for their firm.

Fred Zeigler, of the Olds wheel works, who had one of his fingers cut last week by a saw, is off duty.

Henry Gerken, of the Pittsburg boiler shops, has been appointed boiler inspector for this year.

A big door and several windows in the Pittsburg car shops were blown down last night by the wind.

A big tree in the rear of the home of Clerk W. C. Baade, of the Pittsburg blacksmith shop, was blown down by the wind last night.

Henry Bickness, of the Pittsburg blacksmith shops, had two of his fingers badly bruised Saturday by a piece of casting falling on them.

Christ Rhein, of the Pittsburg blacksmith shops, had his foot injured Saturday by a truck of iron running over it. He is off duty in consequence.

Chas. Leayn, formerly of the Pittsburg paint shop, who stole an overcoat and $2 in money from his boarding house, has been bound over to court.

Harry Rupert, of the Jenney; Jeff White and William Fetter, of White's; A. Krummer, W. A. Woolford and B. Weber, of the Pittsburg, are on the sick list.

The many friends of Engineer James Hartigan, of the Nickel Plate, will regret to hear that he is lying very sick at Stony Island. Mr. Hartigan has been a great sufferer for the past five years from kidney complaint.

Several nights ago a car in the Wabash yards, at Huntington, was broken open by some unknown parties. The seal on the door was broken and the car robbed of merchandise which included ten boxes of cigars and a case of gun powder. It was thought best to keep quiet regarding the matter until some development should come to the surface, Friday night, at Huntington, the police made the arrest of Fred Nicholas and Jeff Brumbaugh as having been implicated in the theft. The accused are probably aged fifteen and eighteen respectively, and were bound over to the next term of court. Brumbaugh secured bail but his pal had to go to jail.

The following employes of the Pittsburg machine shop are off duty on account of illness: P. J. Scheid, W. O. Bassett, Geo. Schumacke, Fred Zimmerly, J. E. Bennigan, A. Kimmer, William Hosley, F. Carey, James Bittner and O. E. Pierce.

Ed McCamley, one of the most popular moulders at the Bass works, an active young democrat and secretary of the "Our Own Club," an aid society composed of iron moulders of the works, was presented Saturday evening, at the Custer house, with a gold-headed silk umbrella by the members of the club. The gift had inscribed on the handle "Presented to Ed McCamley by Our Own Club." The presentation speech was made by Foreman J. J. Stier, and Mr. McCamley, although taken by surprise, feelingly responded. A pleasant reception followed. The gift was made as a mark of appreciation of the members of the club for their secretary and his efforts in their service.

DOM PEDRO, ex-Emperor of Brazil, once called on Victor Hugo and asked the privilege of dining with him. The two men talked until 3 o'clock in the morning. Hugo asked the Emperor what countries in Europe struck him as being the happiest. "Switzerland, France, and Scotland," was the answer. "What reason do you assign for this?" continued the poet. "The fact that Switzerland is an old republic; that France has accomplished a republican evolution; and that Scotland has a republican form of church government," explained Dom Pedro. "The church has given a moral strength to Scotland which is unique, and her climate has imposed hardy habits on the Scotch people."

THE first aerial voyagers were a sheep, a cock, and a duck, which were placed in an osier basket attached to the lower part of a balloon that ascended on the 19th of September, 1783, at Versailles, France, the King and royal family "assisting" at the spectacle. The ascension was made at the instance of a commission appointed by the Academy of Science, and the balloon was constructed under the supervision of Stephen Montgolfier, to whom, with his brother, Joseph, the invention of the balloon is due. The sheep and duck and cock reached the ground again in safety. The first air voyage made by any human was also made in this year, 1783.

A GENTLEMAN who purchased a skeleton ticket from an Oil City ticket agent about a year ago called at the office of the same agent a day or two ago and wanted a ticket "just like the other." It seems that he had ridden around on the ticket indiscriminately for an entire year. Each conductor to whom it was presented scrutinized it closely, at arm's length, and with spectacles on, and in every other way, punching and handing it back. The owner or anybody else couldn't read it, but it appeared to be good. It had been so thoroughly punched that it fell to pieces, and no wonder the gentleman wanted another "just like it."

EMIN BEY is certainly the sport of misfortune and an adverse fate. He surmounted all the dangers and difficulties of the river and jungle, of rebels in his own camp and savages on the borders of his province to meet disaster on the very verge of civilization. If report be true, this daring scientist and explorer has returned a poor man. His stock of ivory, which he had accumulated during his sojourn in the heart of Equatorial Africa, has all been burnt or stolen. It is hardly probable, however, that the influences and powers which have been behind Emin in the past will desert him now in his extremity.

PAINT from potatoes is a new wrinkle in the arts and sciences. *Kunlow's Trade Review* gives the manner of preparation. Boil a kilo of peeled potatoes in water; after mashing, dilute with water and pass through a fine sieve. Add two kilos of Spanish white diluted with four kilos of water, and the result will be a color of beautiful milk white. Different colors can be effected by the addition of different ochres or minerals. Apply with a brush; it adheres to plaster and wood very well, will not peel, and, best of all, is cheap.

THREE years ago seven working girls, who moved in the same set, resolved never to marry. Now they are provided with husbands except one, and her engagement is announced.

This age presents the greatest boon,
Salvation Oil; it cures so soon.

When Christmas came with its good cheer, its fun, and its merry making, we used to deprecate its colds, but that was long ago, before the days of Dr. Bull's Cough Syrup. Now it is very different. A new era has dawned on us, and great and small, little and tall, merry men all, are happy.

EMANUEL'S CONGREGATION.

The Congregation Hold an Election and General Business Meeting.

At a general business meeting of the congregation of Emanuel Lutheran church, of which Rev. C. Gross is pastor, the following were chosen:

Elders—Gottlieb Niemann and William Lange to serve three years.

Deacons—Henry Tresler and Charles Kruse to serve three years.

Trustees—Frederick Boester and John O. Peters to serve three years.

Treasurer—Henry Hilbrecht to serve one year.

Secretary—George Hormel to serve one year.

The church was never in a more prosperous and healthful condition.

TO PROVE her loyalty to the cause, Jubilee Jane, of the Pittsburgh Salvation Army, sang a song of over forty verses without stopping, and wanted to do it over again.

MRS. CHARLES KIMLA, of Trenton, Wis., recently presented her husband with three fine girl babies, their combined weight being twenty-one pounds.

Salt Rheum

With its intense itching, dry, hot skin, often broken into painful cracks, and the little watery pimples, often causes indescribable suffering. Hood's Sarsaparilla has wonderful power over this disease. It purifies the blood and expels the humor, and the skin heals without a scar. Send for book containing many statements of cures, to C. I. Hood & Co., Apothecaries, Lowell, Mass.

The man who saws stovewood in Kansas ought to be happy this winter. He doesn't have to do it. Corn will fit any stove.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

The manager of the Astor estate ought to put aside a little for a rainy day. He receives an annual salary of $25,000.

Last winter Mr. H. E. Kinkade, collector for the United States Express company, at Des Moines, Iowa, was severely troubled with chilblains. The swelling and intense itching of his feet was a great annoyance to him. He tried several remedies without benefit, but fortunately bought a bottle of Chamberlain's Pain Balm. He says he only applied it three times until his feet were entirely well and free from itching and swelling. For sale by Geo. H. Loesch.

The Marquis of Lorne has written a novel which he calls "A Canadian Story." The critics say it is stupid.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It sooths the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

THE HOLIDAY TRADE.

GREAT ATTRACTIONS FOR CHRISTMAS AND NEW YEARS.

In our New Store we can make a much handsomer display of our Christmas goods than in the old place. All our fancy Christmas presents show off to a much better advantage, and in order to accommodate all our customers we have laid in an immense stock of all kinds of holiday goods.

We have a large stock of Plush Albums of different shades and sizes ranging from 50c to $3.50. Fancy Silk Plush Velvet Toilet sets, 75c to $2.00. Large Wax Dolls and China Dolls in all sizes from 5c up to 70c. Fancy Tea Sets for children, Boy's Drums, Guns and Pistols, Balls, A. B. C. Blocks, Horses, Carts, Lions, Elephants, Tigers, Dogs and Cats, Jumping Jacks, Music Boxes and a thousand other things for Christmas and New Years, and

CHRISTMAS TREE CANDLES

We have an immense supply and this year at extremly low prices, 15c a Box.

AND IN OUR TEA, COFFEE AND SUGAR DEPARTMENT

Our increase in them is very great since removing to the new place. The high price of Coffee is inducing a good many to use Teas, as there has been no advance in them, in fact Teas are lower now than they have ever been in the history of the trade, a good Tea can now be bought for 20c per pound, this is the same price as a pound of Rio Coffee and it will go twice as far. Our very best Tea is 50c per pound, just the same goods that sold a few years ago at $1.00 per pound. We also have a common Japan Tea as low as 10c per pound, this we sell little of, our best goods are so cheap that most of the trade prefer the best.

Young Hyson Tea 20c lb, choice 30c and 40c lb, best 50c lb.
Gun powder Tea, very choice, 30c lb, best 50c lb.
Oolong or Black Tea, 20c lb, 30c lb, best 50c lb.
Imperial Tea, choice 30c lb, very best 50c lb
Japan Tea, common 10c lb, choice 30c lb, best 50c lb.

The 30c Japan Tea can not be beat. In fact, it will make as good a draw as the 50c, and few can tell the difference. It is sweet, high flavored and a rich drawing Tea. It is a lot of 50 chests we purchased of a New York house in closing out at half the usual price. No charge for trying it. You will try two pounds in place of one when you once see it.

THE SUGAR MARKET

In consequence of the movements of the sugar trust, sugar has been subject to severe fluctuations and the rises in 90 days was equal to 40 per cent, but in the last 30 days the tendency has been downward, and we have reduced all goods 1c lb. from the highest point we quote now:

Crushed and Powdered, 7c lb. Cut Loaf and Granulated, 7c lb.
Standard Coffee A., 6½c lb. Choice Yellow Extra C., 5c lb.

COFFEE, RIO AND JAVA.

The same influences that governed the sugar market has also controlled the coffee—viz—a coffee trust—and the price has been advanced and maintained the last year, in the face of a large crop and abundant supplies. There is now a prospect of a declining market. We are still selling our coffee's 2c below the market prices:

Choice Green Rio, 20c lb; Best Old Government Java, 27c lb; Choice Roasted Rio, 23c lb; Best Roasted Package Sampson Brand, 24c lb; Jersey Coffee, Roasted in Packages, 24c lb; Leverings Coffee, Roasted in Packages, 24c.

CALIFORNIA FRUITS CANNED AND DRIED.

California Dried Apricots, 20c lb; California Peeled Peaches, 25c lb; California Nectarles, 20c lb; California Unpealed Peaches, 12c lb; California Silver Prunes, 15c lb; California Pitted Plums, 16c lb; California Canned Peaches, Extra Crawfords, 25c can; California Apricots, can, 20c; California Bartlett Pears, 25c can; California Green Gages, 22c can; California Egg Plums, 20c can; California White Cherries, 28c can.

FOR CHRISTMAS CAKE—Foreign and Domestic Dried Fruits.

New Valencia Raisins, 10c lb; Muscatel Raisins, 12c lb; Sultana Seedless Rasins, 14c lb; Zantee Currants, nice new and fresh, 8c lb; Leghorn Citron, 25c lb; Orange and Lemon Peel, 18c lb; Shelled Almonds, 55c lb; Good Figs, 8c lb; Best Figs, 15c lb; Dried Raspberries, 32c lb; Pitted cherries, 15c lb; Dried Blackberries, 8c lb; Dried Peaches, 8c lb; Dried Apples, 7c lb; Evaporated Apples, 9c; German Pears, 10c lb; Turkish prunes, 5c.

CANDIES AND NUTS FOR CHRISTMAS.

Pure Stick candy, 12c lb; Choice French Mixed, 12c lb; Fancy Toy candies for children, 20c lb; all kinds of Christmas Tree candies for decorations, 1c, 2c, 3c, 5c and 10c each; Mixed fancy candy, Bon Bons, 20c lb; Chocolate candies, 20c lb; English Walnuts per quart or pound, 12½c; Brazils and Filberts, 10c lb; Almonds, soft shell, 15c; Mixed Nuts, 12½c, quart or pound.

FOR CHRISTMAS TREES.

Christmas tree candles, we have all sizes and a large stock, which we offer at 15c a box, this is much lower than they have ever been sold at. Also, all kinds of ornaments for Christmas Tree decorations from 1c, 3c, 10c and 20c each.

OUR BLIZZARD!

The Winter King to Rire in Earnest--How the Storm Rages in Different Parts of the Country.

WICHITA, Kan., Jan. 13.—A blizzard has been raging since midnight Saturday. Snow is about a foot deep, and the mercury is at zero. There is fear of considerable suffering in the southwest, where it is learned the storm is much more severe than here.

A train on the Wichita and Western yesterday morning stuck in a cut fifteen miles from a station about one hundred miles west of here. There are twenty passengers on board, and they have no provisions, and but little coal.

Many people in Stevens county are suffering. Some people who have been living in dug-outs near the southeast corner of the county are supposed to have frozen to death.

NEW SALEM, N. D., Jan. 13.—The storm which struck this city during Saturday night was the most terrific in the memory of the oldest inhabitant. It snowed so fast yesterday that pedestrians were scarcely able to see their hands before them. It will be several days before the roads can be sufficiently cleared for travel.

ALBERT LEA, Minn., Jan. 13.—A blinding snow storm has been raging here since before daylight yesterday morning. All trains are delayed and roads through the country are so badly drifted that they are practically impassible.

HAMBURG, Ia., Jan. 13.—A heavy snow storm, the first of the season, has prevailed here all day. Fully twelve inches of snow have fallen. The wind is blowing a gale and it is drifting badly.

MILBANK, S. D., Jan. 13.—Yesterday a storm, which has driven everybody to cover, broke out at 7 o'clock in the morning and shows no signs of abatement. Fears are expressed that there may be a repetition of the storm of January 12, 1887. Railway traffic is practically abandoned.

STONINGTON, Ill., Jan. 13.—About 5:30 p. m. yesterday a heavy westerly wind struck the Catholic church, completely demolishing the building but luckily, the service had been held in the forenoon.

CARLYLE, Ill., Jan. 13.—A terrific wind and rain storm visited this section yesterday afternoon, blowing down fences and telegraph poles. The storm was more violent between here and St. Louis and it is thought much damage has been wrought.

EMPORIA, Kas., Jan. 13.—A terrific blizzard has been raging here since before daybreak yesterday morning. A blockade of trains in all directions is threatened.

EMMETSBURG, Ia., Jan. 13.—The storm predicted by the weather bureau has arrived on time and a genuine blizzard is now raging. The wind is from the northwest, and is blowing at the usual blizzard rate, which, with the thermometer at zero, makes the storm one of unusual severity.

BEARDSLY, Minn., Jan. 13th.—A snow storm with a blizzard attachment, struck this section early yesterday morning. The drifts have piled up in some places as high as twenty feet. A piercing north wind accompanies the storm and the mercury is below zero. Trains and wagon traffic is at a stand still.

GRAND RAPIDS, Minn., Jan. 13.—The first great storm of the winter is raging in the upper Mississippi region. There is nearly a foot of snow and the river is finally frozen.

BURLINGTON, Ia., Jan. 13.—A heavy rain fell most of Saturday night and continued yesterday until last evening. The weather grew rapidly cooler and the walks were soon covered with sleet. A heavy northwest wind is blowing, with every character of a blizzard, the rain having changed to sleet and snow.

IPSWICH, S. D., Jan. 13.—Ipswich is shut out from the rest of the country by the most terrific storm that has visited Dakota since 1869. It is still snowing.

TOPEKA, Kan., Jan. 12.—About 4 o'clock yesterday morning the first snow storm of the winter struck this part of the state.

ABILENE, Kan., Jan. 13.—More than a foot of snow has fallen in twenty-four hours and the blizzard is still raging.

VENICE, Ill., Jan. 13.—The cyclone swooped down on this vicinity in a savage style last night. It wrecked two churches in Brooklyn, turning one around while it was filled with colored worshippers. Several were slightly injured.

The houses on the Irwin Smith and Charles Harvard farms were destroyed. A house belonging to a man named Morlock, near Venice, was blown down, and it was reported that a woman was seriously injured. The damage is estimated at $3,500,000.

NEW YORK, Jan. 13.—Three belated steamships got in yesterday, after a hard struggle against head winds, mostly of hurricane force, and tall seas. They were the Germanic, the City of Berlin and the Slavonic. The figure head of the City of Berlin was smashed to smithereens by a sea which broke over bows and flooded the spar deck. Nobody was hurt. The Slavonic had to put into Halifax for coal, as her usual supply was insufficient for a protracted voyage. Vessels from the south report pleasant weather throughout the voyages.

ST. LOUIS, Jan. 13.—A terrific wind storm, amounting to a cyclone, struck this city yesterday and many buildings were unroofed. Four persons were killed and several injured.

COSTLY FIRES.

The Fiends' Work Throughout the Country.

NEW YORK MILLS, Minn., Jan. 13.—Fire was discovered in the People's elevator at 11 o'clock Saturday night, and the flames gained such headway that the fire department could do nothing except prevent the destruction of adjoining property. The elevator contained 20,000 bushels of wheat. The loss is estimated at $25,000, with an insurance of about $10,000.

FORT MADISON, Ia., Jan. 13.—A costly blaze occurred here at noon yesterday, the clothing and boot and shoe stock of J. G. Schwartz, valued at about $5,000, being almost completely destroyed by fire, smoke and water. The stock and building were insured.

SAN FRANCISCO, Cal., Jan. 13.—The girls' high school burned to the ground last night. The loss is $90,000.

A PROMISCUOUS WRECK.

Twenty-five Cars Piled on a Locomotive and all are Burned.

DENNISON, O., Jan. 13.—A bad wreck occurred on the Pan Handle at Union Point, thirty miles east of Dennison, yesterday morning, delaying passenger trains five to six hours.

The first section of a freight train broke in two. The rear end ran into the front part of the train, wrecking a number of cars. The second section ran into the second and the fourth into the third, piling up the cars indiscriminately.

It is reported that twenty-five cars were piled on top of one of the engines. The wreck took fire and burned up the cars and one engine. Fortunately the trainmen all jumped and escaped with slight injuries.

THE WESTERN WAY.

"Big Mac," a Noted Gambler, Shot and Killed.

SPOKANE FALLS, Wash., Jan. 13.—H. M. McCrosser, better known to the sporting fraternity as "Big Mac," was shot and killed by Harry Baer, one of the proprietors of the largest gambling house in the northwest, yesterday. Baer was in the act of ejecting a man from his house for stealing chips, when he was assaulted by "Big Mac." After bearing up under the assault as long as possible, Baer drew a revolver and shot his assailant. The latter died fifteen minutes later.

A HOOSIER FLOOD.

Washington, Ind., Inundated by High Water.

VINCENNES, Ind., Jan. 13.—The lower portion of the city of Washington, Ind., is inundated by the flood. The water works are entirely useless. They are situated on the banks of the White river and the machinery is entirely submerged. The Ohio and Mississippi shops and railroad water tanks are dry and cannot be filled. Water has to be supplied from Vincennes. Fifty-three engines in one string were waiting for water yesterday.

The Murphy-Wier Fight.

SAN FRANCISCO, Jan. 13.—The "Belfast Spider" and Australian Murphy were both seen by the directors of the California club yesterday and stated that they will surely fight to-night.

Wier's left hand is still practically disabled from the bullet wound through the index finger, which is swollen and stiff. Murphy's left wrist, which was broken in his late fight, is also weak, so the men are likely to be cripples after a few hard rounds. On this account but little money is being bet. Wier is a slight favorite.

Firm Failed.

CHICAGO, Jan. 13.—The Niblock Coal and Mining company made an assignment to-day. The liabilities are about $15,700. The assets are not stated, but it is thought they are considerably less.

HON. WM. FLEMING!

Expires at His Home in this City at 3:30 O'clock This Afternoon.

Sketch of a Life of Great Honor and Distinction--His Eminent Public Services and Private Worth.

Hon. William Fleming is no more. The battle that he had waged so long against disease is at length at an end and he is numbered among the innumerable host that death has marked for its own.

He died of acute asthma at half-past 3 o'clock this afternoon at his residence, No. 261 West Berry street, surrounded by his grief stricken wife and children and by kind friends, who deplore his death as a private affliction.

It is with feelings of the deepest sorrow that these tidings are thus made known to a community which honored him for the great achievements of mind and revered him for his nobility of his character. He died as he had lived, at peace with the world.

When Mr. Fleming, two weeks ago, left Fort Wayne, with Mrs. Fleming, in search of health in the southwest, it was not expected but that he would return, as he had often done before, greatly recuperated. At St. Louis, however, his malady became so much worse that, acting upon the advice of a physician, he was brought home. This change in the plan was probably not well advised, for there could be no recovery in this rigorous climate which he only left when failing strength made his leave taking compulsory. He sank rapidly, and, though he endeavored to impress upon those around him a hope in his recovery, his condition was never inspiring.

With each successive attack his constitution became more enfeebled until only the iron will that had carried him through years of affliction was left to suggest the strong man that he once was. He died as he had lived at peace with the world and in the hope of a glorious resurrection.

William Fleming was born in Ireland sixty years ago and was the oldest son of worthy parents. Early in life his father died and he was the principal support of his widowed mother and the younger children. His first occupation was that of a stone cutter in the employ of the late James Humphrey. His first appearance in politics was as candidate for the office of high constable, long since abolished. He was subsequently appointed by Sheriff McMullen as a deputy and officiated at the hanging of Madden and Keefer, murderers of William Dunbar. Upon the death of Mr. McMullen, Mr. Fleming succeeded to the shrievalty and served two terms, performing the duties with such marked ability that he was twice elected to the office of clerk of Allen county, serving eight years in that capacity.

His unusual ability as a party manager and leader, the strength of his personal following among all classes of people, soon made him a conspicuous figure in the state councils of the democracy, and no question of importance came up for discussion, but his opinion was asked, and his well-grounded conviction of what was best to do carried great weight. In northern Indiana he was easily the leader of his party. He served frequently as a member of the democratic state central committee, and to his intimate knowledge of men and measures is, by common consent, largely to be attributed the successes that were met with.

In 1878 he was nominated at Indianapolis for the place of treasurer of state and was elected after an unusually hot campaign. It was during the two years that he held this office that a large part of the work of building the new state house was done and a great volume of money passed through his hands but so faithful was he to his trust that not even the most bitter political foe could question his entire honesty and his high financial ability.

In 1880 he was again nominated for the state treasury, but with the rest of his ticket was defeated. He has never again been a candidate for office. His political activity, however, did not end here, but he continued to exert himself in the cause of democracy, and, whether in caucus or convention, or in the heat of campaign, his strong hand and earnest will were felt on the side of those great political principles to which he had devoted so much of his life. He never forgot his friends.

Mr. Fleming made it a point to attend all of the national conventions of his party, and, though in feeble health, was at St. Louis when Grover Cleveland was renominated to lead the democracy in the battle against the choice of the republican nominee, selected at the Chicago convention some weeks later. At these conventions he was always consulted with regard to the politics of Indiana, the pivotal state.

Mr. Fleming was a man of great wealth, amassed in the pursuit of business of unusual magnitude. In nearly every enterprise that enlisted his energies his wonderful grasp made him the leader. He was for many years proprietor and editor of the Fort Wayne SENTINEL, and the vigor of his editorials had a far-reaching effect upon men of all political parties.

The paper had previously been wedded to the hard money doctrine, but this policy was instantly changed and he continued to wield a vigorous pen in the advocacy of the resumption act and the remonetization of silver coin. On economic questions he was an acknowledged authority and in every matter relating to the position of the democracy on important issues he was always consulted. No democrat gave to his party more splendid service than he.

Mr. Fleming's business career was so intimately connected with the growth and prosperity of the city as to be generally known to the community. At the time of his death he was treasurer of the Indiana School Book company; was vice-president of the Salimonie Mining and Gas company; vice-president and acting president of the First National Bank of Fort Wayne, president of the Hartford City Paper Mill company, and a director and stockholder in as many other large concerns.

Until the past few years he was one of the chief owners of the stock of the Clark & Rhinesmith Lumber company, and only a few weeks ago sold to William Pape a half-interest in the Peters Box and Lumber company and the Fleming Manufacturing company.

He was one of the originators of the New York, Chicago and St. Louis railway (Nickel Plate) and served as a director until the property was sold to the Vanderbilts.

Mr. Fleming was twice married. His first wife bore him two children—Mrs. Dr. Willien, of Terre Haute, Ind., and Mr. Luke M. Fleming, assistant to Warden Murdock, at the state's prison north. Neither were present at his death. By his second wife he has eight children, the youngest a mere child.

Among them are Mrs. Dr. J. M. Dineen, Mrs. A. B. Trentman, Mrs. Wm. M. McKinnie, Stephen, Celesto and William Fleming, jr. All of these were present at the close of their father's honorable and distinguished career.

DEADLY TORNADO.

Eleven People Killed and Many Injured at Cairo, Ill.

CAIRO, Ill., Jan. 13.—A tornado last night struck the east side of the city of Clinton, Ky., demolishing fifty-five houses, killing eleven people and wounding fifty three.

The killed, so far as ascertained, are: J. A. Rhodes and two children; Mrs. Wm. Bone, Burnett Bone, Walter Nance, John W. Gaddie and infant; infant J. C. Hodges; one person not identified.

ARKANSAS AHEAD.

An Arkansas Woman Gives Birth to Four Babies.

TEXARKANA, Ark., Jan. 13.—Mrs. Page, of this place, has just given birth to four fine girls, and the mother and babies are all doing well.

Mrs. Page had twins by her former husband and once by her present husband, making eight children at three births. The ladies here have formed a sewing society for the occasion, and a large quantity of infants' wearing apparel and soothing syrup will be forwarded to the little ones.

Crushed by the Cars.

Barney Belwig, a fifteen-year-old lad of Peru, Ind., while stealing a ride on a Wabash freight train, yesterday, fell between the cars and was terribly crushed, amputation of one limb being necessary, which, with other injuries, may prove fatal.

Yesterday Engineer Joseph Barlow, of the Nickel Plate, swallowed poison by mistake. Powerful emetics saved him.

The St. Paul Lutheran schools are closed.

Mr. H. G. Olds has gone to Chicago.

THE CRONIN MURDERERS.

The Hearing of a Motion For a New Trial in Their Case Adjourned Until To-Morrow.

CHICAGO, Jan. 13.—Branch No. 3 of the criminal court resumed this morning some of the familiar features which it wore during the three and a half months of the Cronin trial. The prisoners' row had been shortened by one. John F. Beggs, who formerly sat at one end of the line, was free. His chair was occupied by Dan Coughlin. The four convicts seemed in good spirits. The certainty of a life in prison seemed to be more agreeable to Burke, Coughlin and O'Sullivan than the horrible uncertainty that hung over them throughout the trial.

Just before the judge took his seat John F. Beggs and his lawyers, Messrs. Foster and Ames, came into court. Beggs looked worse in appearance than when he was making his daily visits to the court room by compulsion.

"I just wanted to see how it looked from the other side, said he. When the prisoners came into the court they shook hands with those who were within reach. Beggs shook hands with Kunze and sat down at one end of the reporters' table.

"Come in here and sit, Beggs," said Coughlin, with a smile.

The man who escaped the fate of his co-defendants, laughed and shook his head. States Attorney Longenecker accompanied by Messrs. Ingham, Mills and Hynes appeared for the state. Messrs. Forrest, Donohue and David appeared for the defense. When the court was opened, Mr. Forrest asked that the hearing of the arguments be postponed for one week.

The counsel for the state opposed any delay. Judge McConnell was also opposed to delay and told Mr. Forrest in so many words that it was useless to make any argument against the Cronin jury. "For," said the court, "if that was not a good jury then it is useless to try to convict prisoners where there has been any public discussion. You might as well let the prisoners go."

It was finally decided that the court would wait until Judge Wing's arrival at 11:15 o'clock.

When Judge Wing arrived he asked for at least a delay until to-morrow. Finally, after much wrangling between the attorneys, court was adjourned until 10 o'clock to-morrow, when it is expected the motion will be argued.

THE DEATHS.

Two Esteemed Citizens Pass to the Beyond.

This morning, at the home of his son-in-law, ex-Councilman Christ Kramer, 128 Madison street, occurred the death of Mr. J. M. Deuter, of Bright's disease.

Mr. Deuter was seventy-two years of age and an esteemed German citizen. He was formerly engaged in the tailoring business. The funeral has not been announced.

Mrs. Elizabeth Hohnholz, wife of Mr. Herman Hohnholz, died yesterday of typhoid fever, at her home, 78 North Harrison street, aged thirty-three years. The funeral occurs Wednesday, at 1:30 p. m., from the St. Paul Lutheran church.

The two-days-old child of Mr. Wm. Franke died yesterday.

THE "DUSTIES" ARE COMING.

The State Millers' Convention to be Held in This City.

Word was received in this city by J. B. Mouning to-day of the decision of the Indiana State Miller's association, to hold their annual convention next May in this city.

The conventions have heretofore been held at the state capital.

The Northern Indiana millers, at their meeting in this city next month, will express to the state association the satisfaction they feel at the choice.

Fort Wayne will make her guests feel at home. Welcome to the "dusties."

Let other conventions fall in line.

THE MONTANA SITUATION.

The State Has No Debt But She Has a Fight.

HELENA, Mont., Jan. 13.—Montana begins the year without a dollar of indebtedness and with a cash balance in the treasury. State Auditor Kenney has completed his report to the governor for the last year, and has placed it in the hands of the printer.

There is talk of a compromise among the legislators. Many expect to-day that something will be done to bring the two houses together. What that something is is indefinite and shapeless. Dennes the senators continue to attend the sessions of the senate, but refrain from answering any roll call.

GOT ITS GRIP ON.

Twenty-Four Concordia College Students Down With La Grippe.

Dr. A. J. Laubach is attending twenty-four students at the Concordia college, who are down with the "grippe."

The malady is still spreading and the studies are considerably interfered with.

Should the number of cases continue to grow larger, it may be deemed proper to temporarily suspend the classes, but it is thought that there will be a decrease, rather than an increase, of victims.

TWO MEN KILLED.

A Locomotive Runs Into a Hand-car on Which They are Riding.

Saturday evening, after the limited express east on the Fort Wayne road had passed Wheeler station, west of this city, two brothers, John and Henry Rasimus, employed one on the Fort Wayne road and the other on the Nickel Plate as section hands, started to run a velocipede hand-car to Hobart, three miles west of Wheeler.

They were run down by a light locomotive that was running backward. Both men were instantly killed. They leave large families. One of the men, which it cannot now be ascertained, formerly lived in this city. There was a double funeral at Wheeler to-day.

A DRIVER HURT.

Fred Engelking Has an Experience With a Runaway Horse.

This morning Fred Engelking, a driver for Clayton, Purcell & Co., suffered severe scalp wounds while attempting to stop a runaway horse.

He was about to load some goods into the wagon at the Pittsburg freight warehouse, when the horse started off suddenly, throwing the driver almost under the horses' heels. He grasped the lines and was dragged some distance.

The man was released from his perilous position, and thus escaped with very severe injuries and perhaps his life.

TO BE RECOMMENDED.

The Contemplated Street Pavement Improvements for Next Spring.

At the council meeting to-morrow evening there will be a recommendation that the following streets be paved in the spring:

Broadway—DeWald to Berry.

Washington street—Broadway to Harmer.

Jefferson—Broadway to Calhoun.

Lewis—Calhoun to Harmer.

Hanna—Wayne to DeWald.

Wallace—Hanna to Lafayette.

Wayne—Clinton to Hanna.

Fairfield avenue—Jefferson to DeWald.

DeWald—Broadway to Hanna.

Maumee avenue—Harmer to Schick.

Berry street will be petitioned for at another meeting.

The paving question is assuming tangible shape.

SHIPPED 10,000 MACHINES.

The Anthony Wayne Manufacturing Company Have an Annual Meeting.

Last Saturday afternoon the annual meeting of the stockholders of the Anthony Wayne Manufacturing company was held at the office of the works.

The choice of officers resulted in a re-election as follows:

President—John Rhinesmith.

Secretary and Treasurer—J. H. Simonson.

Superintendent—A. C. Wichman.

Board of Directors—John Rhinesmith, J. H. Simonson, F. C. Beltz.

A resume of the year's business showed that more than 10,000 Anthony Wayne washers have been manufactured and shipped.

The coming year promises to be even better than the one just closed.

IN GAY UNIFORM.

Members of Patriarchal Circle Go to Richmond.--Official Visit.

This afternoon Supreme Deputy Oracle Harry France and eighteen members of Patriarchal Circle left for Richmond, Ind., where to-night there will take place the institution of a new temple.

The work will be under Deputy France's direction, and the ceremonies are very impressive.

The members who went were Patriarcha L. Hazzard, H. F. France, George Prossler, I. Trentman, S. Headford, George Jaap, William Bart, J. E. K. France, Thomas Taflinger, Phillip Lintlap, Gottlieb Haller, Chris Entemann, Jonah Smith, Pete Chapman, Charles Shaw, Henry Swartz, Joe Douglass and Charles Mulfeith.

The True Elixir Of Life Hood's Sarsaparilla

Hood's Sarsaparilla purifies the blood, builds up weak and debilitated systems, gives strength to weakened nerves, overcomes that tired feeling, tones the digestive organs, invigorates and regulates the kidneys and liver, expels disease and gives vigorous health. Young people say: "It is the best medicine we ever took." Old people say: "It makes us feel young again."

BROU'S INJECTION

Fort Wayne Sentinel.

E. A. K. HACKETT, Editor and Proprietor.

MONDAY, JAN. 13, 1890.

OHIO has a democratic governor. Campbell was inaugurated at Columbus today.

THE Iowa legislature choose a senator this week. Allison will undoubtedly be re-elected.

THE republican editors of the state will hold a meeting at Warsaw on February 20 and 21.

A strong effort is being made to induce the council to pave several of the east and west streets of the city.

THE attorneys for the men convicted of the murder of Dr. Cronin have filed in court a motion for a new trial.

IT is now said that an inquiry at Prague has resulted in the discovery that Crown Prince Rudolph's death was due to conspiracy.

IT is announced that John Oscar Henderson, of the Kokomo Dispatch, will be a candidate for auditor of state before the next democratic state convention.

A PROOF READER on the New York World has received a letter from Jules Verne which states that the name of the hero of "Around the World in Eighty Days" is Phileas, not Phineas, Fogg.

THE Prince of Wales' wages as colonel of the Tenth hussars is $1,710 a year, not very much pay to be sure, but he manages to worry along on a tip of $200,000 per annum from parliament, and $81,000 for being duke of Cornwall.

W. K. SHEFFER, formerly editor of the Angola Herald, together with S. S. Sheffer, has purchased the Kendallville News, and A. S. Roberts has succeeded to the editorial control of the Herald. By the sale of the News Dr. A. S. Parker, one of the conspicuous figures of journalism in Northern Indiana, retires from active work.

THE latest contrivance which is interesting the ladies is given with a pocket in it. The pocket is a tiny affair, fixed in the palm of the left glove, and is thus silent testimony to the fact that most women are right handed. It is for nickels and dimes. On entering a car, the fingers of the right hand deftly opens the little pocket, and the necessary change is easily secured.

THE resignation of Mr. Trotter, the colored Recorder of Deeds for the District of Columbia, has been received at the White House, upon a request made by the president. It is supposed a new appointment will be made shortly. An inquiry made by Senator Ingalls has developed the fact that the office has paid $10,000 in fees during Mr. Trotter's incumbency of two years and ten months. A bill is pending in congress to make the position a salaried one.

HOOSIER sharpers have invented another swindle which is well calculated to deceive the unwary, and they are working the racket quite industriously in some parts of the state. Agents travel about the country selling certificates of membership in the National Union association, the object of which, they represent, is to enable farmers to purchase wagons, buggies and farming implements at manufacturers' prices. The agents claim that the association is incorporated under the law of the state, but inquiry at the secretary of state's office proves such representation to be false, and stamps the scheme as a very neatly arranged fraud.

ONE of the first acts of Pension Agent Ensley after taking charge of his office will be to make application for an additional appropriation for clerk hire. Colonel Zollinger says the present force is entirely too small. The number of pensioners on the rolls of the office has almost doubled since he came into office, and yet the same number of clerks are doing the work. He has continually begged for more help, but has never been able to get it. For several months the work has been so heavy that some of the clerks have been compelled to work fifteen and sixteen hours a day. It is Mr. Ensley's intention to suggest that a sliding scale rule, governing the allowance of clerks to the pension offices, be adopted.

THE official report of the proceedings of the Catholic congress at Baltimore and the centennial celebration of the establishment of the Catholic hierarchy, which have been impatiently awaited by Catholic organizations and individuals throughout the country, has been issued under the authority of Cardinal Gibbons by William H. Hughes, editor of the Michigan Catholic at Detroit. The work being intended somewhat as a souvenir has been given a strikingly artistic dress. It contains a complete report of the congress to the minutest details of every paper presented, as well as an elaborate account of the ceremonies and incidents attending the celebration of the anniversary. The volume is profusely illustrated with the portraits of the archbishops and bishops and other prominent Catholic laymen who participated in the deliberations of the congress.

OUR WAGE EARNING WOMEN.

Hon. David Turpie, Indiana's junior United States senator, sends THE SENTINEL the fourth annual report, recently issued, of the department of labor at Washington.

It contains many interesting statistics and among them are those which gives personal statistics of 17,427 wage earning girls engaged in 343 distinct industries out of many now open to women, and comprising the result of study in twenty-two different cities. The tables bring out very telling facts. The average age for beginning work appears to be fifteen years and four months; but 129 out of the number commenced under nine years of age, and the largest proportion, 3,503, began to support themselves at fourteen.

For years they continue the weary round of labor, rising at 5 or 6, and shortly after going to the factory or shop, where they remain, with but little recess, for ten or more hours. Often their work does not end when they leave the place of their day's labor, for out of the whole number questioned by the agent of the department, 9,813 not only work at their regular occupations, but also assist in the housework at home.

More than half give their earnings to the head of the family, while very many have to care entirely for several others beside themselves. The average wages of the 17,427 was found to be $5.21, and yet with this small amount 6,614 do none of their own sewing, and invariably the girls present a respectable appearance.

These wage earners are women with ideas, high impulses, ambitions and desires such as all other women have. Nowhere else can be found in greater degree the noble impulses of heroism, self sacrifice, patience, cheerfulness and aspiration. All over large cities, after a hard day's work, thousands are gathered in evening schools, working girls' societies, or other rooms opened to them, where they can study and improve themselves.

ALFONSO XIII, king of Spain, the condition of whose illness is noted in our telegraph columns almost every day, was the posthumous son of Alfonso XII. He was born on May 17, 1886, and is therefore three years, eight months and twenty-three days old. He was proclaimed king on the day of his birth, with his mother as queen regent. The succession will naturally devolve upon his eldest sister, the princess of the Asturies, maria de las Mercedes, who was born at Madrid on the 11th of September, 1880, and who became queen of Spain on the death of her father, Alfonso XII, under the regency of her mother, and occupied that position until the birth of the present monarch. In the ordinary course of events the regency of Queen Christina would continue, after the king's death, until her daughter should be old enough to assume the crown.

MURAT HALSTEAD, the Cincinnati republican editor and statesman, scored the prohibitionists during a political talk at Chicago the other evening. Mr. Halstead stopped in the city on his way from Denver to Cincinnati. He said that Ohio had the best liquor laws and the best election laws in the world. The constitution of that state prohibits a liquor system and to restrain the saloons they are taxed specially and directly. "We know," said Mr. Halstead, "that prohibition is a humbug, because it doesn't prohibit. It makes a muddle. With the liquor tax we have done a great deal of good in Ohio. It wiped out the little black-bottle saloons and the like. The prohibitionists are the political serfs of the saloons. The leaders of that party have few, if any, ideas. They are politicians using temperance as a stalking horse."

"Eagle's Nest," by Edwin Arden, with Mr. Barry Johnson in the leading role, will appear at the Temple Monday night. The hero of the play, Mr. Johnson, gives a graphic idea of a free and easy going young western miner. His bravery and gentleness attract the attention of a rich man's daughter, who is beloved by her father's business partner. The latter, after killing the young miner's mother and disabling the hero, escapes, the girl being taken care of by a rough who miner, nurses her through a spell of sickness. Then follow innumerable complications and mishaps, all of which are acted in the most thrilling style. The final scene is a bowie knife fight between the hero and the villian, in which the hero proves to be the victor, and is free to acknowledge his identity and claim as his reward the heroine and a rich property. The curtain drops on a pretty scene and closes an interesting picture of theoretic western life.

The annual report of the National Women's Christian Temperance Union for 1889, just published, shows a total membership for 1889 of 142,348, a gain of 3,821 over the total paid membership of 1888. This does not include members who for any reason have failed to pay their dues on time, nor the large number of unreported unions, honorary members and Loyal Temperance legions, which, together with the 142,348 paid members, make the total membership and support of the Woman's Christian Temperance Union at least 200,000, and doubtless nearer 250,000.

J. B. WHITE'S GIFT.

The Painting of King Robert the Bruce, Presented to the Caledonians.

Last Saturday evening there was a pleasant program of exercises at Caledonian hall, attending the presentation to that organization of the painting of King Robert the Bruce, Hon. J. B. White being the donor. This magnificent picture is from the brush of Ambrose Mac Neil, the Scotch artist, whose work has been on exhibition from time to time in this city.

The exercises consisted of a recitation on King Robert the Bruce, by Miss Annie Sinclair; a recitation, "Scotland's Heroes," by Mr. Stephen Mack, of Toledo; a song by Mr. David McKay; and "Bruce's Address to His Army," by the artist.

Captain Allan H. Dougall, in behalf of the society, accepted the gift, followed by Colonel R. S. Robertson, in a few timely remarks.

After a vote of thanks, on motion of Mr. George Jaap, the song, "Auld Lang Syne" was sung and the members dispersed.

WAYNE TOWNSHIP TEACHERS.

A Very Interesting and Profitable Institute Held Last Saturday.

An institute of the Wayne township teachers was held on Saturday, Jan. 11, at school house No. 2, west of the city. There was a large audience of teachers and others present, over whom Trustee Brackenridge presided with his accustomed urbanity.

After singing and prayer by the Rev. Mr. Miller, Miss Mattie Viberg read a very interesting and valuable paper on "The Early History of Indiana." This was followed by "Moral Education," by Miss Sadie Weaver. This lady laid down a moral code of remarkable severity for teachers, as well as school children, but her paper was well received. A class in reading, consisting of teachers, was taken by Miss Addie Durnell, and this proved one of the most interesting subjects on the program. Miss Hattie Leonard then conducted an excellent exercise in singing, which closed the morning's work.

The ladies of the district then treated the company to an enjoyable dinner in the school house, which was highly appreciated by all.

At the afternoon's session, Miss Minnie Mahin, the teacher of the school, introduced a class of her pupils in history. They acquitted themselves admirably, and do much credit to this lady as a teacher. Miss Annie Fairfield read a review of the works of Alice Carey, and she, assisted by Misses Leonard, Viberg, Houghton and Weaver, then gave selections from this author's poems, which very much entertained the audience. C. Methley followed with the "Atmosphere." Miss Belle Thomas then gave a very fine recitation, and Miss Hattie Leonard read an original paper entitled, "Bits by the Wayside."

The query box furnished some knotty points which were satisfactorily disposed of by the teachers present. It was decided to hold the next institute on Saturday, February 8, at the No. 3 school, presided over by Miss Sadie Weaver. An adjournment was then made. Trustee Brackenridge considers this the best institute yet held in the township, and hopes by the next meeting to have brought the organization to the standard which he thinks it should occupy in educational matters.

Prof. Charles Methley acted as secretary of the meeting.

THE Rev. W. H. Milburn, the blind chaplain of the House of Representatives, is a native of Philadelphia, and was born in 1822. He lost the sight of one eye when quite young, and the other soon became practically useless. He mastered the blind alphabet, and at the age of 20 was ordained a minister. After that he traveled over two hundred thousand miles, filling appointments to preach in all the Southern States. Within the last thirty years he has preached in nearly every State in the Union and in some European countries. He has been chaplain of the House since 1883, and can, in all probability, hold the place indefinitely.

A WILD hog was shot recently at Oak Hill, Cal., which weighed 560 pounds. It was snow-white and had tusks six inches long. A pound of lead was found in his carcass, the result of efforts of former hunters to kill him.

A HEADLONG FLIGHT.

William Rowe Falls Down a Stairway and Is Injured.

William Rowe, a clerk, had a bad fall down a stairway at his home, 19 Francis street, Saturday night.

The right shoulder joint was fractured so badly that Drs. Laubach and McOscar were occupied for a considerable time in dressing the injury.

Other injuries of lesser nature were received.

THE latest version of "The Girl I Left Behind Me" comes from California. In this case the young man did not seem to realize the girl's attractions until he got across the continent, and then, after a year or two of hard work in California and with the prospect of wealth before him, he bethought himself of a young lady who used to be a schoolmate of his in Maine. He wrote to her to see if she had forgotten him. She hadn't, and cordially answered the letter. The return mail brought a proposal of marriage, which was accepted. A ticket for California came next, and though her friends did not quite approve of the journey, the young lady started. Unlike some who have made similar trips, she liked both the farm awaiting her and its possessor even better than she thought she did before she saw them. The wedding came next, and everybody was happy at last accounts.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER CO., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

HENRY MARVIN.

Language is hardly strong enough to express my admiration of the merits of Chamberlain's Cough Remedy. It is the best remedy for croup and whooping cough I have ever used. During the past eighteen years I have tried nearly all the prominent cough medicines on the market, but say, and with pleasure too, that Chamberlain's Cough Remedy is the best of all. THE Norwegians are said to be the longest lived people in the world. Official statistics show that the average duration of life in Norway is 48.33 for the men, 51.39 for the women, and 49.77 for both sexes. The duration of life has increased of late years.

Poor Humanity!

The common lot is one of sorrow say—at least —the pessimists, they who look at the worst side. Certainly what would otherwise be a bright existence, is often shadowed by some ailment that overhangs it like a pall, obscuring perpetually the radiance that else would light the path. Such an ailment, and such a common one, is nervousness, or in other words, weakness of the nervous system, a condition out irremediable where inefficient or improper means are taken to relieve it. The concurrent experience of nervous people who have persistently use Hostetter's Stomach Bitters is, conquers entirely supersensitiveness of the nerves, aswell as diseases—so callo —which are invited and sustained by their chronic weakness. As the nerves gain stamina from the great tonic the trouble disappears. Use the Bitters for malaria, rheumatism, billiousness and kidney troubles.

AT a recent examination of California schoolma'ams, one of them wrote, in answer to a question of discipline: "Capital punishment should not be resorted to except on rare occasions, only with the consent of the parents, and never till the next day."

CATARRH HAY FEVER CATARRHAL DEAFNESS

A NEW TREATMENT.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks. A pamphlet explaining this new treatment is sent free by A. H. Dixon & Son, 337 and 339 West King Street, Toronto, Canada.

MONDAY'S GOSSIP.

The Day's News as Found Around the Railroads—Pencil Picture of A. H. Polhamus.

POLHAMUS PICTURED.

One of the best known railroad men on the western division of the Pittsburg, Fort Wayne and Chicago road is A. H. Polhamus, the road foreman of locomotive engineers. Like many others in his field in life he has arisen from the ranks.

He was born in New York state and his early life was spent on a farm. After obtaining such an education as the country schools afforded, he became a sailor on the lakes. This occupation he followed for two years, when at the age of twenty years he began railroading in the west, taking a position on a construction train on the Pittsburg road near Valparaiso.

Two years afterward, he became a brakeman, and in four, by successive promotions, was made an engineer, and continued in the latter position for over nineteen years, when in 1882, he was promoted to the position he now holds, that of road foremen of locomotive engineers, having charge of the men on the western division of the road between Crestline, Ohio, and Chicago.

For a third of a century his life has been one of perils—one year a brakeman, two years a fireman, nineteen years an engineer and the balance in his present position, which calls him on the road nearly every day, and yet during all of that time he has never been seriously injured, although he has had some narrow escapes. Twice while he was on duty as an engineer his locomotive was derailed by a broken rail and rolled down an embankment with him on it, but he escaped without serious injuries.

Mr. Polhamus is a man who is universally esteemed, not only among railroad men, but among the citizens generally. His friends are legion and he makes new ones wherever he goes by his pleasant social ways. He is one of the Pennsylvania company's most trusted officials.

GOSSIP OF THE DAY.

There are several pay days this week.

Passenger travel on the railroads is light.

The Wabash shops are kept very busy.

The wind blew in a terrific manner around the railroads this morning.

The train men had a lively time last night tussling with the wind storm.

Fred Horterkorn has taken a position as machinist at the Pittsburg shops.

J. A. Golden, fireman on the Pittsburg, is off duty on account of illness.

The wind storm last night did not delay passenger trains to any great extent.

William Weil, machinist at the Pittsburg, spent Sunday at Toledo with his family.

John E. Roost, of the Pittsburg blacksmith shops, is off duty on account of illness.

W. O. Bassett, machinist at the Pittsburg shops, is off duty on account of sickness.

John Laudenberger, manager of the Fort Wayne machine works, is in the east on business.

Chas. Zimmerman and John Seidel, of the Murray works, are in Iowa doing work for their firm.

Fred Zeigler, of the Olds wheel works, who had one of his fingers cut last week by a saw, is off duty.

Henry Gerken, of the Pittsburg boiler shops, has been appointed boiler inspector for this year.

A big door and several windows in the Pittsburg car shops were blown down last night by the wind.

A big tree in the rear of the home of Clerk W. C. Baude, of the Pittsburg blacksmith shop, was blown down by the wind last night.

Henry Bickness, of the Pittsburg blacksmith shops, had two of his fingers badly bruised Saturday by a piece of casting falling on them.

Christ Rhein, of the Pittsburg blacksmith shops, had his foot injured Saturday by a truck of iron running over it. He is off duty in consequence.

Chas. Leayn, formerly of the Pittsburg paint shop, who stole an overcoat and $2 in money from his boarding house, has been bound over to court.

Harry Rupert, of the Jenney; Jeff White and William Fetter, of White's; A. Krummer, W. A. Woolford and B. Weber, of the Pittsburg, are on the sick list.

The many friends of Engineer James Hartigan, of the Nickel Plate, will regret to hear that he is lying very sick at Stony Island. Mr. Hartigan has been a great sufferer for the past five years from kidney complaint.

Several nights ago a car in the Wabash yards, at Huntington, was broken open by some unknown parties. The seal on the door was broken and the car robbed of merchandise which included ten boxes of cigars and a case of gun powder. It was thought best to keep quiet regarding the matter until some development should come to the surface. Friday night, at Huntington, the police made the arrest of Fred Nicholas and Jeff Brumbaugh as having been implicated in the theft. The accused are probably aged fifteen and eighteen respectively, and were bound over to the next term of court. Brumbaugh secured bail but his pal had to go to jail.

The following employes of the Pittsburg machine shop are off duty on account of illness: P. J. Scheid, W. O. Bassett, Geo. Schumacke, Fred Zimmerly, J. E. Bonnigan, A. Kimmer, William Hosley, F. Carey, James Bittner and C. E. Pierce.

Ed McCamley, one of the most popular moulders at the Bass works, an active young democrat and secretary of the "Our Own Club," an aid society composed of iron moulders of the works, was presented Saturday evening, at the Custer house, with a gold-headed silk umbrella by the members of the club. The gift had inscribed on the handle "Presented to Ed McCamley by Our Own Club." The presentation speech was made by Foreman J. J. Stier, and Mr. McCamley, although taken by surprise, feelingly responded. A pleasant reception followed. The gift was made as a mark of appreciation of the members of the club for their secretary and his efforts in their service.

Dom Pedro, ex-Emperor of Brazil, once called on Victor Hugo and asked the privilege of dining with him. The two men talked until 3 o'clock in the morning. Hugo asked the Emperor what countries in Europe struck him as being the happiest. "Switzerland, France, and Scotland," was the answer. "What reason do you assign for this?" continued the poet. "The fact that Switzerland is an old republic; that France has accomplished a republican evolution; and that Scotland has a republican form of church government," explained Dom Pedro. "The church has given a moral strength to Scotland which is unique, and her climate has imposed hardy habits on the Scotch people."

The first aerial voyagers were a sheep, a cock, and a duck, which were placed in an osier basket attached to the lower part of a balloon that ascended on the 19th of September, 1783, at Versailles, France, the King and royal family "assisting" at the spectacle. The ascension was made at the instance of a commission appointed by the Academy of Science, and the balloon was constructed under the supervision of Stephen Montgolfier, to whom, with his brother, Joseph, the invention of the balloon is due. The sheep and duck and cock reached the ground again in safety. The first air voyage made by any human was also made in this year, 1783.

A gentleman who purchased a skeleton ticket from an Oil City ticket agent about a year ago called at the office of the same agent a day or two ago and wanted a ticket "just like the other." It seems that he had ridden around on the ticket indiscriminately for an entire year. Each conductor to whom it was presented scrutinized it closely, at arm's length, and with spectacles on, and in every other way, punching and handing it back. The owner or anybody else couldn't read it, but it appeared to be good. It had been so thoroughly punched that it fell to pieces, and no wonder the gentleman wanted another "just like it."

Emin Bey is certainly the sport of misfortune and an adverse fate. He surmounted all the dangers and difficulties of the river and jungle, of rebels in his own camp and savages on the borders of his province to meet disaster on the very verge of civilization. If report be true, this daring scientist and explorer has returned a poor man. His stock of ivory, which he had accumulated during his sojourn in the heart of Equatorial Africa, has all been burnt or stolen. It is hardly probable, however, that the influences and powers which have been behind Emin in the past will desert him now in his extremity.

Paint from potatoes is a new wrinkle in the arts and sciences. *Kunlow's Trade Review* gives the manner of preparation. Boil a kilo of peeled potatoes in water; after mashing, dilute with water and pass through a fine sieve. Add two kilos of Spanish white diluted with four kilos of water, and the result will be a color of beautiful milk white. Different colors can be effected by the addition of different ochres or minerals. Apply with a brush; it adheres to plaster and wood very well, will not peel, and, best of all, is cheap.

Three years ago seven working girls, who moved in the same set, resolved never to marry. Now they are provided with husbands except one, and her engagement is announced.

This age presents the greatest boon, Salvation Oil: it cures so soon.

When Christmas came with its good cheer, its fun, and its merry making, we used to deprecate its colds, but that was long ago, before the days of Dr. Bull's Cough Syrup. Now it is very different. A new era has dawned on us, and great and small, little and tall, merry men all, are happy.

EMANUEL'S CONGREGATION.

The Congregation Hold an Election and General Business Meeting.

At a general business meeting of the congregation of Emanuel Lutheran church, of which Rev. C. Gross is pastor, the following were chosen:

Elders—Gottlieb Niemann and William Lange to serve three years.

Deacons—Henry Tresler and Charles Kruse to serve three years.

Trustees—Frederick Dorsler and John C. Peters to serve three years.

Treasurer—Henry Hilbrecht to serve one year.

Secretary—George Hormel to serve one year.

The church was never in a more prosperous and healthful condition.

To prove her loyalty to the cause, Jubilee Jane, of the Pittsburgh Salvation Army, sang a song of over forty verses without stopping, and wanted to do it over again.

Mrs. Charles Kimla, of Trenton, Wis., recently presented her husband with three fine girl babies, their combined weight being twenty-one pounds.

Salt Rheum

With its intense itching, dry, hot skin, often broken into painful cracks, and the little watery pimples, often causes indescribable suffering. Hood's Sarsaparilla has wonderful power over this disease. It purifies the blood and expels the humor, and the skin heals without a scar. Send for book containing many statements of cures, to C. I. Hood & Co., Apothecaries, Lowell, Mass.

The man who saws stovewood in Kansas ought to be happy this winter. He doesn't have to do it. Corn will fit any stove.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

The manager of the Astor estate ought to put aside a little for a rainy day. He receives an annual salary of $25,000.

Last winter Mr. H. E. Kinkade, collector for the United States Express company, at Des Moines, Iowa, was severely troubled with chilblains. The swelling and intense itching of his feet was a great annoyance to him. He tried several remedies without benefit, but fortunately bought a bottle of Chamberlain's Pain Balm. He says he only applied it three times until his feet were entirely well and free from itching and swelling. For sale by Geo. H. Loesch.

The Marquis of Lorne has written a novel which he calls "A Canadian Story." The critics say it is stupid.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

THE HOLIDAY TRADE.

GREAT ATTRACTIONS FOR CHRISTMAS AND NEW YEARS.

In our New Store we can make a much handsomer display of our Christmas goods than in the old place. All our fancy Christmas presents show off to a much better advantage, and in order to accommodate all our customers we have laid in an immense stock of all kinds of holiday goods. We have a large stock of Plush Albums of different shades and sizes ranging from 50c to $8.50. Fancy Silk Plush Velvet Toilet sets, 75c to $2.00. Large Wax Dolls and China Dolls in all sizes from 5c up to 70c. Fancy Tea Sets for children, Boy's Drums, Guns and Pistols, Balls, A. B. C. Blocks, Horses, Carts, Lions, Elephants, Tigers, Dogs and Cats, Jumping Jacks, Music Boxes and a thousand other things for Christmas and New Years, and

CHRISTMAS TREE CANDLES

We have an immense supply and this year at extremely low prices, 15c a Box.

AND IN OUR TEA, COFFEE AND SUGAR DEPARTMENT

Our increase in them is very great since removing to the new place. The high price of Coffee is inducing a good many to use Teas, as there has been no advance in them. In fact Teas are lower now than they have ever been in the history of the trade, a good Tea can now be bought for 20c per pound, this is the same price as a pound of Rio Coffee and it will go twice as far. Our very best Tea is 50c per pound, just the same goods that sold a few years ago at $1.00 per pound. We also have a common Japan Tea as low as 10c per pound, this we sell little of, our best goods are so cheap that most of the trade prefer the best.

Young Hyson Tea 20c lb, choice 30c and 40c lb, best 50c lb.
Gun powder Tea, very choice, 30c lb, best 50c lb.
Oolong or Black Tea, 20c lb, 30c lb, best 50c lb.
Imperial Tea, choice 30c lb, very best 50c lb.
Japan Tea, common 10c lb, choice 30c lb, best 50c lb.

The 30c Japan Tea can not be beat. In fact, it will make as good a draw as the 50c, and few can tell the difference. It is sweet, high flavored and a rich drawing Tea. It is a lot of 50 chests we purchased of a New York house in closing out at half the usual price. No charge for trying it. You will try two pounds in place of one when you once see it.

THE SUGAR MARKET

In consequence of the movements of the sugar trust, sugar has been subject to severe fluctuations and the rises in 90 days was equal to 40 per cent, but in the last 30 days the tendency has been downward, and we have reduced all goods 1c lb. from the highest point we quote now:

Crushed and Powdered, 7c lb. Cut Loaf and Granulated, 7c lb.
Standard Coffee A., 6½c lb. Choice Yellow Extra C., 5c lb.

COFFEE, RIO AND JAVA.

The same influences that governed the sugar market has also controlled the coffee—viz—a coffee trust—and the price has been advanced and maintained the last year, in the face of a large crop and abundant supplies. There is now a prospect of a declining market. We are still selling our coffees 5c below the market prices:
